Speakers include Wildlife Biologists Joe Sands and Lily Calderón, and Public Affairs Officer Lev Levy

Sands: It would be, it's behind a tree. Otherwise it would be perfect. So it's 1-P-5. Right, so if you look there, you can get a good look at the bird. It's one 1-5-P.

Levy: Oh yeah.

Sands: Sweet.

Levy: Cool.

Swift: 5-P-1, 1-P-5...Here we go. Move it down. I'm not really surprised like that it's so clear. But that was like, bing!

Calderón: Did you see already, Lev?

Levy: I did. Yeah. It's very cool. I can see it so clearly.

Calderón: Where is...? Well there you are.
