Figured as much, but didn't want to make that decision ourselves. 😊

Thanks for sending! Never hurts to try, but these are too off-base and would have little value added to the National Wildlife Refuge System.

Good morning Matt -

Forwarding this from Alison. Not sure if there are more contiguous non- buildable sandy lots, and/or if the Refuge Manager at Massasoit would find them useful, but maybe they are more and can be added together, as it doesn't seem they are being snapped up.

**Subject:** Plymouth land

Hi Rochelle,

I'm sending along a pdf of some land lots in Plymouth - mostly in the Saquish Head peninsula, in Plymouth / Cape Cod Bay. There are several non-buildable lots for sale with beach access. There are several small lots for about \$25,000 each and one larger one for \$100,000. I don't know if these will be desirable for FWS, but they have some features which might appeal, for studying wildlife or as part of the existing refuge? The land is not adjacent to Massasoit Refuge but is nearby and can be reached by boat or vehicle.

I'm adding a few other parcels that are on lakes or other bodies of water. If Matt has any questions, he can reach me at odlealison@yahoo.com or at 978 457 5686.

Thanks,  
Alison Odle
