

Kirwin National Wildlife Refuge (NWR) is a favorite destination for archery deer hunting. Approximately 5,200 acres of the refuge are open to big game hunting. This year, Kirwin NWR will hold a lottery-style draw for 30 archery deer hunting permits. See below for application instructions and the application form.

Rules and Regulations for Archery Deer Hunting on Refuge:

- The application window for the limited-draw archery deer hunt at Kirwin NWR closes on Friday, August 16, 2024.
- The names of selected applicants will be posted to the Refuge website shortly after the close of the application process.
- Successful applicants for the 2024 archery deer hunt will receive a “hunt package” via email, containing additional information and requirements.
- **All hunters must possess a valid Kansas hunting license** and all the necessary stamps and/or permits as required by Federal and State laws.
- **Archery deer hunters are required to display a Refuge Access Permit on their vehicle dashboard.** Selected archers will receive the Refuge Access Permit as part of the hunt package.
- Not all hunting areas are open for all species. Refer to the current Kirwin NWR Hunting and Fishing brochure for more information. Areas open for hunting are outlined in the brochure, which is available on the Refuge website. If you are unsure, contact Refuge staff for assistance at (785) 543-6673; extension 11 for Federal Wildlife Officer, Jeff Dunlap, or extension 14 for Station Manager, Jillian Boyd.
- Hunting regulations generally follow statewide regulations, including seasons and bag limits established by the Kansas Department of Wildlife and Parks.

Regulations Specific to the Refuge:

- **No more than two blinds or tree stands per hunter are allowed.** Tree stands may not be placed until 7 days prior to the season opening and must be removed within 14 days of the close of season. Portable blinds must be removed at the end of each day’s hunt. Tree stands must be labeled with the user’s Department-issued KDWP number.
- Natural vegetation may be used to construct a temporary blind.
- Baiting and trail cameras are prohibited.
- Retrieving game from a NO HUNTING ZONE or from an area that is not open to the hunting of that species is prohibited. Regulate your hunting to ensure that game does not fall into an area where it cannot be retrieved.

Instructions for Special Hunts:

- The application includes options for three special hunts: Youth, Disability, and Buddy Hunters.
 - **Special Youth and Disability Archery Deer Hunt:** The Refuge will be open to archery deer hunting by youth and persons with disabilities during the Youth and Disability deer season running from Saturday, September 7 through Sunday, September 15. There will be an unlimited number of Special Youth and Disability Permits offered for this season.
 - **Youth Hunting Requirement:** Youth hunters who are at least 16 years of age and have completed Hunter Education may hunt alone. All other youth hunters, whether they participate in the special youth archery deer hunt or the regular Kirwin NWR archery deer hunt, must be accompanied by an adult who is 18 years of age or older. The accompanying adult may assist with scouting, stalking, and game retrieval but may not participate in the actual harvest. The accompanying adult is responsible for the safety and compliance of the youth hunter. It is prohibited for an adult to permit a youth hunter to violate State or Federal laws or regulations while hunting at Kirwin NWR.
 - **Special Buddy Hunt:** The application includes an option for a special “buddy hunter” permit for the 2024 archery deer hunt. A party of no more than two (2) hunters is allowed under this permit.
- Adults may assist other adults only with the removal of a harvested deer, unless the archer has special physical needs and prior permission is given.
- **Continued Eligibility:** Hunters participating in the limited-draw archery deer hunt at Kirwin NWR are required to send a photo of all deer harvested and complete a hunter survey card. All those persons selected in the drawing are required to fulfill these criteria or be removed from any future drawings.

NOTICES

All information you provide will be considered in reviewing this application. False, fictitious, or fraudulent statements or representations made in the application may be grounds for revocation of the permit and may be punishable by fine or imprisonment (18 U.S.C. 1001).

PRIVACY ACT STATEMENT

Authority: The information requested is authorized by the National Wildlife Refuge System Administration Act (16 U.S.C. 668dd-ee) as amended and the Refuge Recreation Act (16 U.S.C. 460k – 460k-4, 640K-3, & 664).

Purpose: The collection of personal information is to verify that an individual is eligible to receive a permit to conduct monitored activity on areas within the National Wildlife Refuge System, national fish hatcheries, and other conservation areas administered by the Secretary of the Interior for fish and wildlife purposes.

Routine Uses: The individual's information will be used to verify permit status, provide permittees with permit-related information, and monitor activities conducted under a permit. This information may be shared in accordance with the Privacy Act of 1974 and the routine uses listed in the System of Records Notices: FWS-5 National Wildlife Refuge Special Use Permits; FWS-21 Permits System; FWS-10 National Fish Hatchery Special Use Permits.

Disclosure: Providing the information is voluntary; however, as a requirement for maintaining a Federal permit under the National Wildlife Refuge System Administration Act, failure to disclose the requested information may be sufficient cause for revocation of the permit.

PAPERWORK REDUCTION ACT STATEMENT

We are collecting this information subject to the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*) to provide the refuge managers the information needed to decide whether or not to allow the requested use, and to respond to requests made under the Freedom of Information Act and the Privacy Act of 1974. The information that you provide is voluntary; however, submission of the requested information is required to evaluate the qualifications, determine eligibility, and document permit applicants. Failure to provide all required information is sufficient cause for the U.S. Fish and Wildlife Service to deny a permit. We may not conduct or sponsor and you are not required to respond to a collection of information unless it displays a currently valid OMB control number. OMB has approved this collection of information and assigned OMB Control No. 1018-0140.

ESTIMATED BURDEN STATEMENT

Public reporting for this collection of information is estimated to average 10 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the Service Information Clearance Officer, U.S. Fish and Wildlife Service, 5275 Leesburg Pike, MS: PRB (JAO/3W), Falls Church, VA 22041-3803, or via email at Info_Coll@fws.gov.
