---

Thanks for attending the call and taking notes. I'll take a look as soon as possible. Working on briefing info today and tomorrow.

I spoke to Liz C. quickly at 4:40 last night, but haven't seen a draft map yet.

Thanks again!

**Subject:** DNR AC call notes

Hey Jennifer,

I looks like I got Liz what she needed based on the sample she showed me earlier. I hope you have seen a revised version of what you needed. I've gone through my notes and feel they are as good as my memory can serve. If you have any questions on want to discuss them further just let me know. When you are finished with your review of them, if you make any edits, please send me a final version for my files and save to the S:drive in the folder you want them. I think that would be the DNG/AC/Jamestown Lease folder.

Thanks,  
Lorenz Sollmann
