Importance: High

Hello Lorenz,

I am sorry to hear your office is running at a lower capacity, but kind of normal for the holiday season.

I spoke to Sue for a moment and I was hoping to get a copy of the laws/rules/regulations/policies that govern which activities are acceptable in the Dungeness Refuge. She directed me to you or Jennifer for this.

I would really appreciate getting this document sometime today if that is possible.

Thank you for your quick response.

Ralph

Subject: Up date question

Hi Ralph,

Sorry I couldn't get back with you yesterday. I got your message and unfortunately I don't have any news or update on progress to give you. As you know Jennifer is out of the office until the end of the year caring for her mother. I've called down to the regional office and those I would need to talk to are out of the office on use or lose leave. We here are down to half staff on our good days. Your questions are important and I apologize for not having more information to share with you at this time.

Thanks,
Lorenz Sollmann
