FYI. Given the context, the 1994 CD and 1983 letter of agreement (attached) are referring to finfishing and not shellfishing. But, it would have been nice if they had used finfish or salmon to provide additional clarity. They are clear that this provides access for fishing covered by the Point no Point Treaty.

Each year we receive a notice of salmon fishing seasons from the Tribe.

This doesn't change the issue at hand, but I wanted to make you aware that it exists.
