---

Robyn and Hugh,

Attached please find the JST USFWS communications document provided by the Tribe to USFWS updated with our additions/clarifications in blue. My appreciation to Jennifer for ensuring a full picture of these communications is part of this document. As you will see, communications have been frequent and consistent with outlining our compatibility process, concerns over year round access, willingness to try to work with the Tribe to find compatibility, and proactive communication throughout their permitting process to share in advance what our comments would be to the permitting agencies our so they were not surprised.

Please let us know if anything additional is needed as we wait to confirm the meeting with Martha and Deputy SOLs.

Thanks and please take care,  
Christine
