Importance: High

All,

Please find attached the agenda for our meeting on Friday, along with the updated JARPA Application and Project Drawings. Let me know if you would like the opportunity to present on behalf of your agency, and we can amend the agenda. Be prepared to discuss your agency's requirements as we move forward with permitting our shellfish farm in Dungeness Bay. Please remember as a pre-existing farm we will be applying for a Nationwide Permit 48, not an Individual Permit.

I look forward to collaborating on Friday.

Ralph
