My understanding is that it is a perpetual lease. I have never seen anything that shows a payment for the lease.

Out of the office today because of ice storm affecting just me it seems. I am the only one this far out in the Gorge.

Regarding your question though, I will talk with Kevin tomorrow or Friday and see how he wants to proceed.

Richard wanted us to get a solicitors opinion on what authority we do have to regulate the activity, etc. They need a brief from the solicitor.

But in the meantime, we could give them a call and say we will need a document to evaluate, letting them know our concerns again and what we will be looking for.

Let me make sure this is the way Kevin wants to go first.

Is this a perpetual lease? Did we pay anything for it? These are questions from Richard.
