Map 1: Displays and Overview of the Refuge and lease area and provides the location of the South Bay Parcels (i.e., Cline Tracts)

[2019_AC_Overview.pdf](#)
(12.425K)

Map 2: Displays shorebird and waterfowl as percentage of birds using the entire refuge. (E.g., 30 - 50% of all waterfowl surveyed on Refuge lands use the dark purple area). The numbers are the ranges of actual individuals using the survey area.

 [2019_AC_MW+PF_V5.pdf](#)

Map 3: Displays 1993, 2009, and 2016 eelgrass surveys (2016 survey was only conducted within the lease area). Shows eelgrass regrowth in the site and additional plants located in the area proposed for active farming (outside the dark green polygon).

[2019_AC_Eelgrass_w-Banner.pdf](#)
(9.496K)

We are finishing up a map showing other important resources (forage fish, state imperiled habitats, Research Natural Area). And, I am working on getting the eelgrass picture
