were they different sites on the refuge (different than the high-use areas or different than what the tribe is requesting)? or no suggested alternate sites at all?

We just need to strike that add by Kevin as the alternative sites that Jennifer has offered up are on refuge but ... would not pose a problem for migratory waterfowl etc.

I just removed "off-Refuge" in case that is what was meant.

Kevin added in some comments we had made previously, so that is good. Seems like it will be informative to Robyn.
