Nicole,

Thanks for your thoughtful input on our response to the Tribe's letter. Sue and I tried our best to respond to your questions (track changes attached). Please let me know if you need any additional information. I can also try to give you a call to talk things through if it would be helpful.

Sorry for the delay in our response. I will be on the east coast through the 24th, but can carve out time to work on this if there are additional questions.

Thanks again for your help.

-jennifer

Hi Jennifer,

I'm sending this to you with a few questions in it that might help organize some of the information. Overall, you've got pretty straight-forward "evidence" and back-up for everything the Service has done. It would be hard to argue with any of it.

Thank you,
Nicole
