I ended up with a fire meeting at 1 today...so it probably works best to meet after your 1:30. I'll block off from 2-3 on my calendar. Just reach out whenever you are ready to chat.

If that doesn't work, let me know and we'll change it up.

Thanks for making the time Jennifer. Finalizing this document will help with meeting prep with JST that may occur next week.

Other than a 1:30pm 30 minute meeting, I'm free tomorrow afternoon so let me know when works best for you.

Thanks and please take care,
Christine

I have an EPAP discussion with Lorenz in the morning, but am available tomorrow afternoon.

Good luck today!

Morning Jennifer,

Hope you had a nice weekend.

Thanks for taking the time to help clarify for me. To finalize it might be easier with a 30 minute call to go over the rest if you have availability this week, maybe tomorrow? Attached revised to help.

I think Charlie has called you already this morning about the latest developments. Finalizing this issue summary document is now a bit more urgent so we can provide to leadership. Chatting tomorrow we can also give you an update on the meeting with Robyn and Hugh this morning.

Appreciate your continued engagement on this as we find a way forward.

Thanks and please take care,
Christine

I think I have provided the requested information. If I missed something or need to provide additional clarity, let me know.

Wishing you a terrific Tuesday.

Happy Monday!

I am working on it now. As long as no "fires" erupt. I should be able to update the requested information by COB tomorrow.

If you need the document/discussion before then, please let me know.

Hope you have a delightful day.

Subject: Time (maybe one hour?) to help me fill in the attached summary document?

Morning Jennifer,

I hope you had a good weekend.

Per my previous email, I put together a summary document for the oyster aquaculture issue. There are several places I would appreciate you helping me to fill in the blanks, clarify/confirm facts, and add anything additional you think would be important in this summary document. The purpose of this document is to pull together all the key facts and points to provide decision makers and/or be the foundation to pull information from in meetings or other future documents that may need to be pulled together.

If you had maybe one hour sometime this week to review this with me together (Teams call, I share screen, and type as we go along so I can ask clarifying questions as we go over), this would be appreciated. Of note, the yellow highlighted sections would be the focus of the discussion.

Charlie - feel free to join as well if you wanted.

Thanks and please take care,
Christine
