Hello Lynn, Robyn and Hugh

Thank you again for the discussion this morning. Per your request, attached is a copy of the slides that I presented during our meeting. Please feel free to contact me with any questions on these points, or any documents included as conditions of the DNR lease 20-B13012 identified in Exhibit B, and secured permits referenced therein.

At the end of today's call, we had discussed the need to have a follow-up conversation that focuses on some long-standing issues we have experienced in our communications/consultations with the Dungeness National Wildlife Refuge regarding the Tribe's aquaculture operations, permits and lease. It seems appropriate that this meeting would include Regional Director Thorsen, Deputy Director Morrison and Jamestown Natural Resources staff: Director Hansi Hals, myself and Sissi Burch.

Since Hansi is currently out of the office to be with her family during this difficult time, we will follow up upon her return with proposed dates for this meeting.

Regards,
Liz

Elizabeth Tobin
