All,

I know it is short notice, but I just sent you all a calendar invitation for 3:30 today in the hope that we can recap the meeting with the JST and outline our next steps. Based on the discussion today, I think our main action items are:

- Develop an initial position on "inherent federal functions"
- Outline a position on the need for public engagement/NEPA
- In anticipation of the formal JST request, begin gathering additional information in line with interests expressed today
- Provide briefing for HQ (Refuges, Director's Office) on interests of the Tribe, as well as increasing frustrations regarding Service response to oystering proposal

Please let me know if you think I missed anything.

Thanks,

Hugh
