Christine,

I had a chance to hear a bit about the conversation that Chairman Allen had with AS IA Newland earlier this week. I sent a meeting request for later today to share what I heard (I know this time may not work for everyone - my apologies for that). I do think we are going to be clear about the concept of a "pilot". I believe we have outlined why this isn't allowable under the law, but I would much appreciate it if you could refresh my memory.

Thanks,

Hugh
