**Subject:** Options Memo Re Dungeness Refuge JST Oyster Farm Proposal

Good morning,

Please find attached the requested memorandum analyzing options to address the Jamestown S'Klallam Tribe's proposed oyster farm on Dungeness National Wildlife Refuge in light of Joint Secretarial Order 3403. Apologies for the delay in conveying this document, some additional issues regarding option implementation came up last week that the team needed to fully analyze and explain prior to sharing the memo. We appreciate your patience.

A great deal of time and deliberation went into this analysis. Significant background information is included to assist in understanding the Tribe's proposal and perspective, our legal limitations, and the potential consequences of each option for both the Tribe and the Refuge. We recommend you read it in full.

Please let us know when you might like to meet to discuss.

Thank you,

Jenny
