Date: Tuesday, August 16, 2022 4:26:50 PM

Good afternoon. The Fish and Wildlife Service - Colorado Field Office will be hosting a call with potential cooperating agencies this Thursday, August 18th at 10am MT to discuss the EIS development to support a section 10(j) experimental population rule as requested by the state of Colorado for their state-led wolf reintroduction. We use microsoft teams and a calendar invite will be sent shortly with the link and an optional conference line for your participation.

The agenda for the meeting includes:

- Project background
- Concept alternatives
- Timeline and schedule
- Next Steps

This first call will be general project background, so formal cooperating agency agreement's are not required. We plan to host a call next week with those agencies with signed agreements. Please let me know if you have any questions.

Respectfully,

Nicole Alt
