Hi Chad,

Thank you for moving our session- much appreciated. For the CO Wolf Update, is there anything specific that you would like to see covered? Because it's FWS delivering the presentation, it will be focused on the status of the 10(j) rule making instead of the Gray Wolf Management Plan, which was written by Colorado Parks and Wildlife. I plan on talking about where we're at currently with the 10(j) and what's planned. For Tribes who are interested in this, there is government to government consultation with the FWS. Seeing as how this meeting has a focus on New Mexico, I would love to incorporate the most relevant information so any thoughts or feedback you may have I'm happy to hear and incorporate it into the update.

Also, not related to this meeting, but it looks like I'll be moving from North Dakota to Albuquerque as I've gotten a job with the Mexican wolf recovery program. I'm not too familiar with the ABQ-area and it'll be a little bit before I'm down there as I'm in the process of getting my house ready for sale up here, and will have to figure out where to live in ABQ, but once I'm down there it would be great to meet you and the NM ES team! Also, if you have any advice or anything about ABQ I'm happy to hear it, too!

Thanks!  
-Lauren

Hi All,

There was one change so the time slots moved a little in the morning session. Hopefully it still works for everyone!

Thanks,  
Chad

Good morning all,

Attached is the draft agenda for next months meeting. I can move things around if need be, so please let me know if the timeslots work for you.

Thanks,

Chad
