What I KNOW
about albatrosses

What I WONDER
about albatrosses

What I LEARNED
about albatrosses

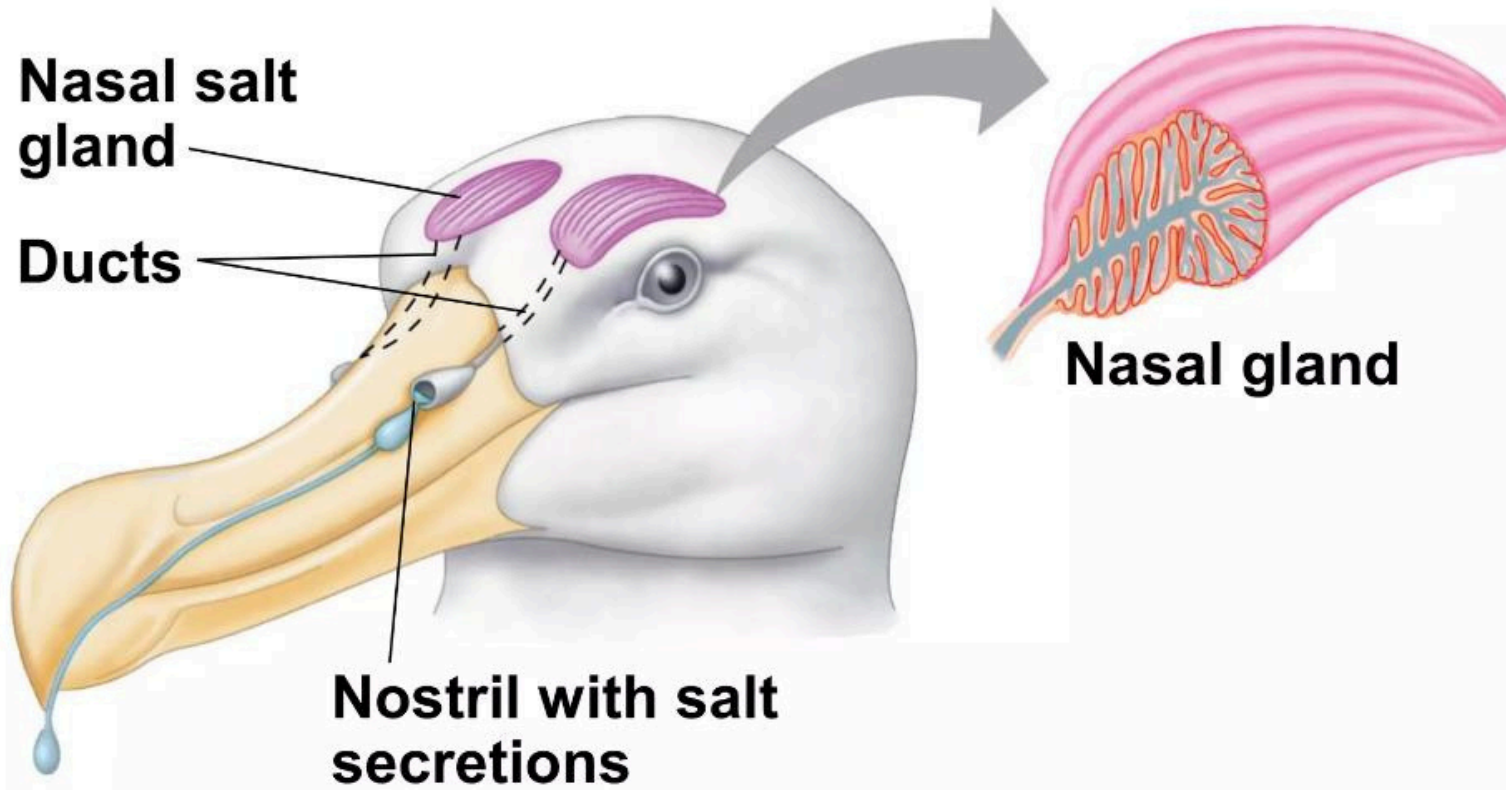

Lesson One Learning Target

I can explain how seabird **adaptations** help mōlī survive in their **habitats**.

Adaptations are any structure (body part) or behavior that helps a plant or animal sustain themselves.

Royal albatross salt gland

Lesson One Learning Target

I can explain how seabird **adaptations** help mōlī survive in their **habitats**.

Lesson Two Learning Targets

I can explain how living in a **colony** while on land helps mōlī survive.

I can make a **scientific model** of the mōlī **life cycle** and describe what makes it unique from other animals.

Mōlī Life Cycle

Lesson Two Learning Targets

I can explain how living in a **colony** while on land helps mōlī survive.

I can make a **scientific model** of the mōlī **life cycle** and describe what makes it unique from other animals.

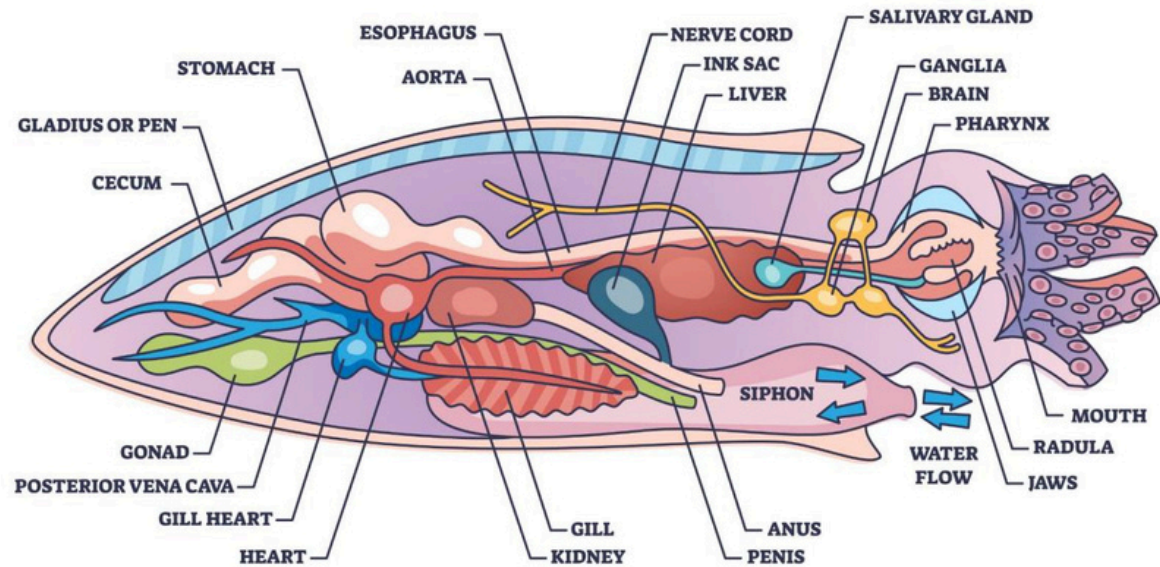

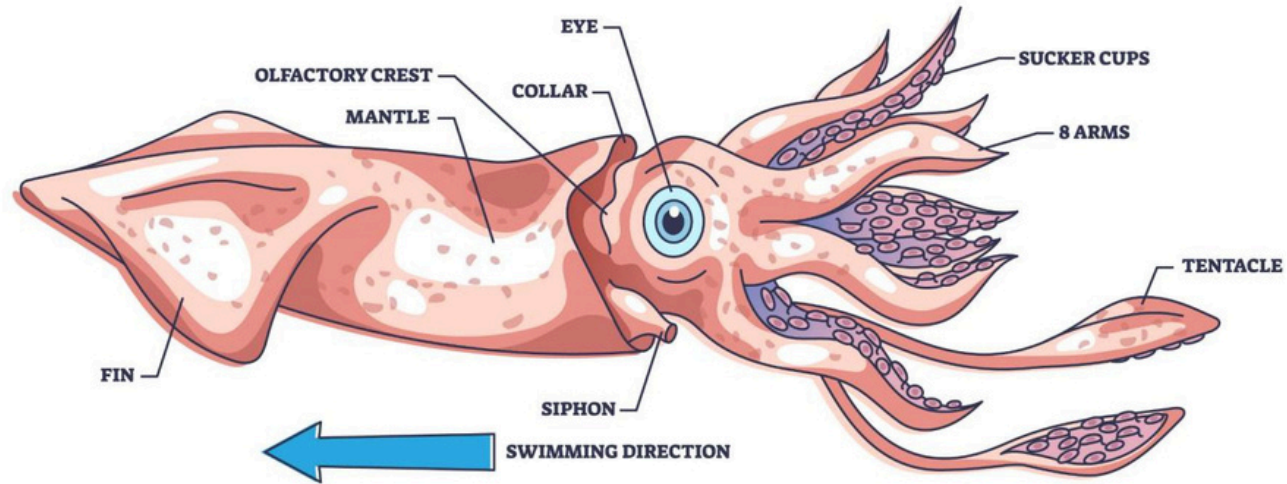

Lesson Three Learning Target

I can propose a **solution** to **human-caused** marine debris. I can make a claim about how that solution will help decrease marine debris and where it will fall short.

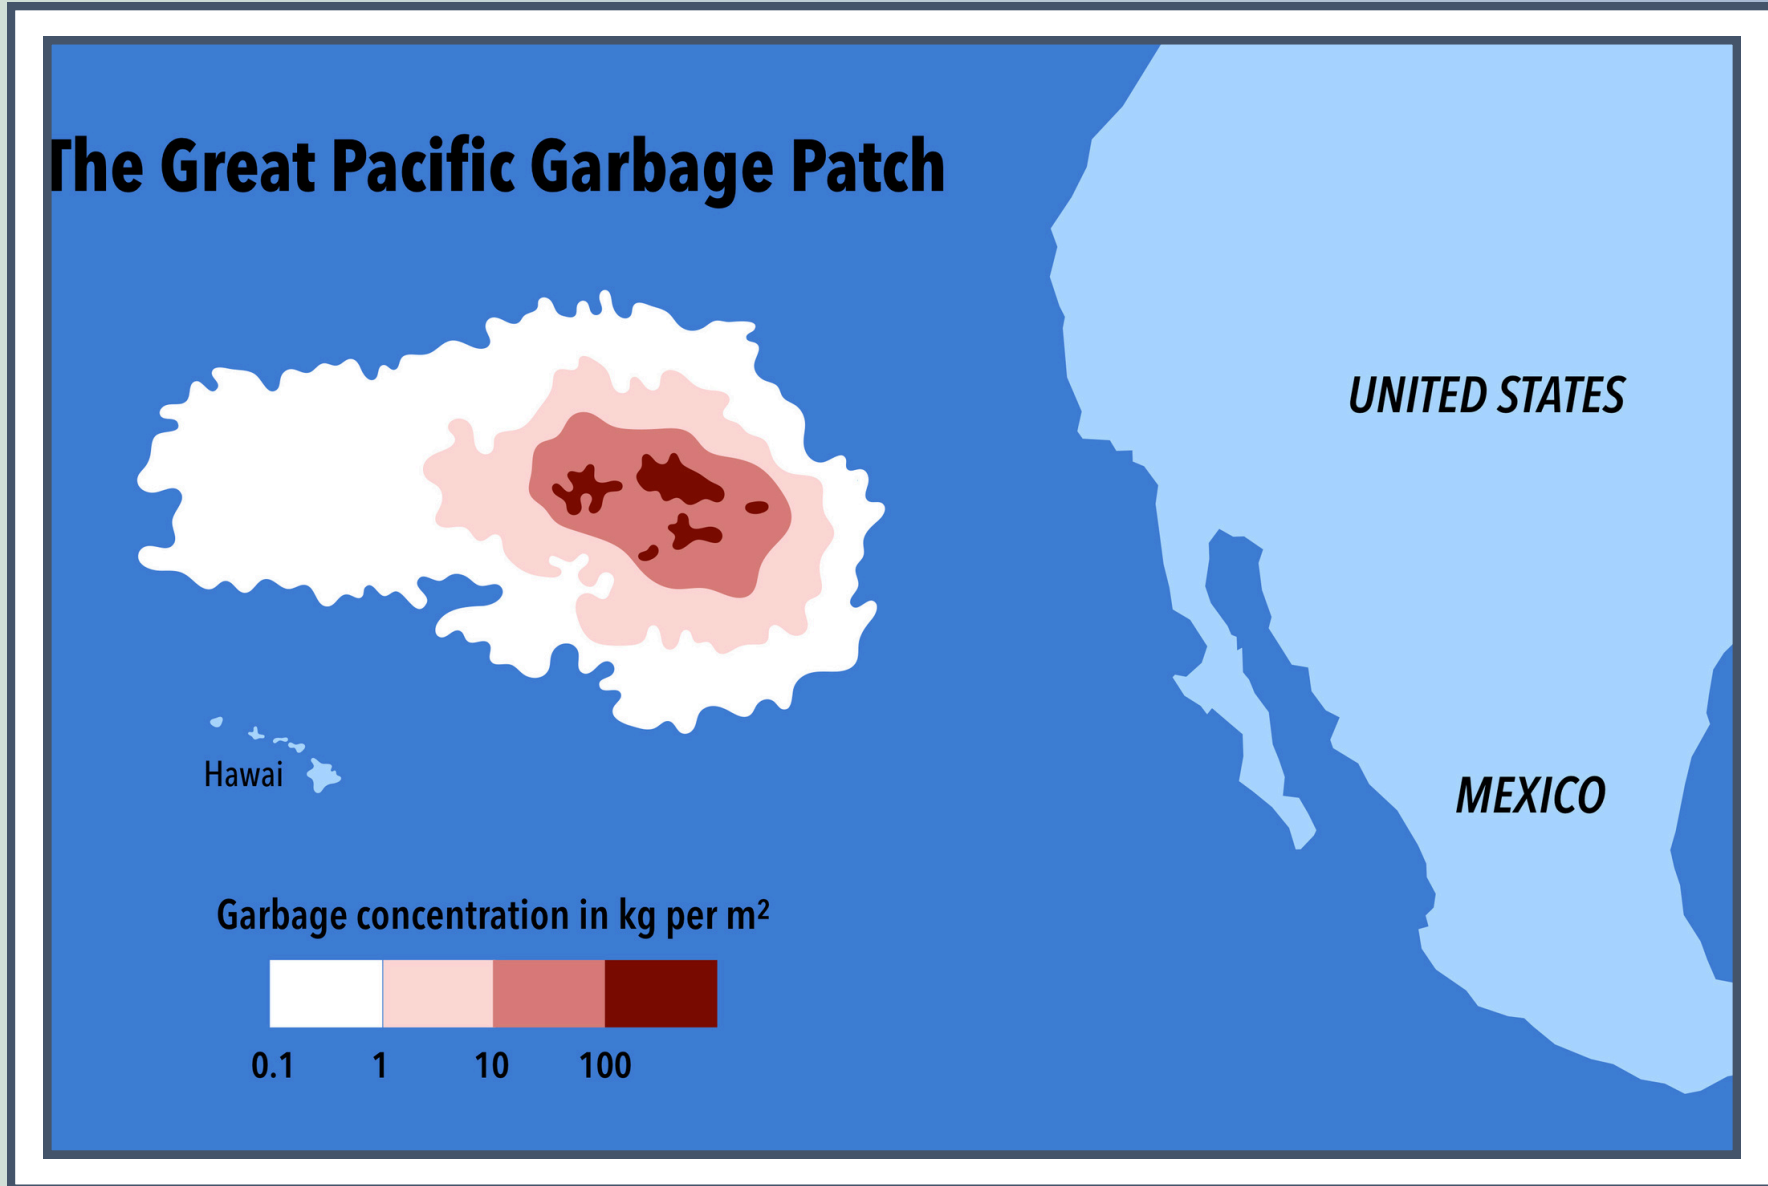

SQUID ANATOMY

Pacific Garbage Patch

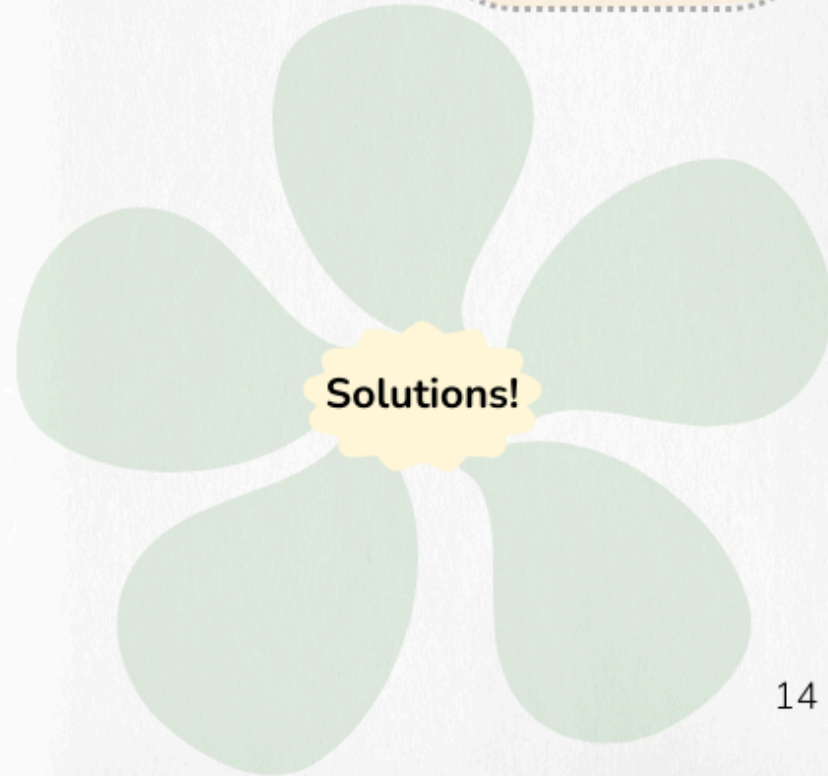

Bolus Data Collection

Object	Quantity	Manmade (Y/N)

Marine Debris

We have created so much marine debris that...

Lesson Three Learning Target

I can propose a **solution** to human-caused marine debris. I can make a claim about how that solution will help decrease marine debris and where it will fall short.
