Subject: shut down immediately this hobby of killing and murdering animals in our federal govt -

the murderers crew is this group of rich stupid gun wackos. i am against any more nominations for this group of stupid gun wackos whose joy in life is murdering wildlife. they are deplorables looking to exist on govt handoiuts from the us population which abhors what they do with their far too much free time. they shoudl be put to work doing somehing useful instead of this murderous hobby.for them to be on our govt payroll is real horror. get tghem off the govt dole please. they dont need the welfare. they are all rich enough to pay gtheir own way. not be welfare by the populatino of the usa. this agency deserves a grade of f minus. this comment is for the public record please receipt jean pubelee [jeanpublic1@gmail.com](mailto:jeanpublic1@gmail.com)
