| Genevieve Skora | Craig Hansen | Angela Burgess | Lara Julisson |
| Kate Norman | Alex Schubert | Tara | Kevin Doherty |
| Lief Wiechman | Pat Deibert | Amy Nicholas | Jesse D'Elia |
| Susan Abele | Dawn Davis | Kevin Doherty | Ron Baxter |
| Holly Friefeld | | | |

Agenda:

Cromnibus and what it means to us (see handout to FMT from Mike Thabault) –

- Folks have received and had no additional questions. If get press questions on the rider or budget – pass up to reg. office

CED extended by 2 weeks;

- sent to many folks to ensure complete coverage – we didn't want to miss anyone

Grazing paper mis-information (Kevin) –

- WWP overstated the results of the paper released this past week, suggesting this paper would be the study that says grazing should be removed public lands. This is incorrect – the study was not a grazing study and different grazing strategies were not tested.
- Response paper has been developed internally, and UW is going to draft a press release (one of the co-authors is from UW).

BLM/FS Planning

- Buffer and AM – worksheets each state pulled together and final products are loaded on the conservation sharepoint site under the BLM-FS planning folder.
 - Still don't have final resolution on both issues, but BLM is supposedly trying to get the remaining issues resolved by EOY
- Fire and Invasives Assessment in 6 priority PACs – should be available for review on Jan. 20 – 2 weeks for review

Upcoming Meetings

- RD meeting in January – RDs will be briefed; initial deliverables on status review, process and mitigation framework and prep for EOC meeting which immediately follows the RD meeting (which will focus on the status review).
 - No agenda for the EOC meeting yet
- SGTF meeting January 20 and 21 in Denver – No agenda yet
- Status review team meeting in January 12 – 15, 2015 in Denver.

Next call – scheduled for Jan. 15, 2015, but conflicts with the Status review meeting, so may be re-scheduled.
