Here is the revised version of the draft letter with Chuck and Chris's comments incorporated. Good catch on the first paragraph Chris. I must have copied that out of a different version of the BCO. I know the jagaurundi has no sightings since 1980s but we included it in the BCO so therefore I left it in. Removed plants. Also fixed the Stacy Zee above the logo. I think we should attach Figure 27, what do you all think?

Dawn is out and has not provided comments. Do you want me to send on to Joan for review once you have had a chance to look at it?

All,

comments and edits. Once we get a final draft we need to have Joan review.

Attached is a rough draft for review and comment. I am not sure if that is what Amy was wanting.
