Any way we can show the areas being considered for exclusion per the BP? Color coded or circled something quick and easy.

All portions of the proposed critical habitat area with conservation agreements are being considered for exclusion from critical habitat designation. The Black and Delaware Rivers CCAA area, Devils River Unit, and lands owned by the Kickapoo Indian Reservation of Texas, are potential exclusion areas

Hey Chuck,
Rather than reinvent the wheel I found this map of the Texas hornshell pCH on the company drive.
Let me know if this works.

Hey Everyone,

Follow up ask on the recent BPs for an associated map for the following:

- BFF 10(j) - Heather's team
- E. Texas Mussels - Erik / Omar please
- LPC - Clay
- TX hornshell - Chuck, aren't y'all the lead?

I've attached recent draft of each of the BPs for context.

Hi Seth and Beth,

Thank you so much for the RD briefing papers. I very much appreciate that they are all one page. I think that for some it would be useful if you all have maps to include those for Amy so she can use as she is meeting with members/staff. Would it be easy to send me maps for the:

BFF 10(j)

E. Texas Mussels

LPC

TX hornshell

SpaceX (in this case may also be helpful to have some photos)

Thank you -
