Thank you! In that case we will refer any reporters asking for a report to FAA/SpaceX. I'll let HQ OC know.

We do not produce a report to FAA following an event. It is SpaceX and FAA 's responsibility to provide FWS and other agencies with a report. Until we receive the report we communicate through email, phone, and team meetings.

Good morning! I have a quick question that I received from HQ OC. Does ecological services or refuges produce a formal report that we send to FAA following an event like the Starship launch? Or is it more informal communication via email or phone?

Thanks!
