JOIN US! DO WORK THAT MATTERS.

Maintenance Fellows Program - Starts Summer 2023!

PAID CAREER OPPORTUNITY

If you're looking for career pathway opportunities with the Guam National Wildlife Refuge of the U.S. Fish & Wildlife Service, this PAID Maintenance Fellows Program is what you're looking for!

Work on mission-critical projects:

- You will work alongside conservation professionals in a variety of disciplines.
- You will train under a seasoned maintenance worker and heavy equipment operator to gain technical expertise and project management skills.
- You will have the opportunity to work with both station maintenance and regional maintenance action teams in the upkeep of real property assets and habitat management

The fellowships are paid, include benefits, and are typically 52 weeks.

BENEFITS

- Hands on learning/training
- Paid orientation with travel
- Mentorship/professional development
- Living allowance (\$650 - \$850 per week)
- Monthly housing (\$1500)
- Health insurance option
- Non-competitive hiring eligibility (with successful completion of fellowship)

ELIGIBILITY

- Available to serve 6-12 months
- High school diploma/GED
- 17 - 30 years old (veterans up to age 35).
- U.S. citizen or permanent resident.

ORIENTATION

- Dates: June 20 - 30, 2023
- Paid travel to Minnesota
- Paid weekly stipend
- Equipment training
- Mentor engagement
