The Service's Legacy of Conserving Migratory Waterfowl Habitat

For more than 80 years, the Federal Duck Stamp Program and the Migratory Bird Conservation Program have helped secure key habitats to sustain migratory bird populations. They protect wetlands, help dissipate storm water runoff, purify water supplies, and store flood water. As we look forward to the continuing conservation of these critical resources, we can find inspiration in these programs' extraordinary history of success.

At the turn of the 20th century, overeager hunters and the commercial demand for meat and feathers had decimated waterfowl populations. At the same time, periodic droughts caused wetlands and other valuable waterfowl habitat to disappear. In the late 1920s, conservationists, hunters, and government officials worked together to create the Migratory Bird Conservation Act, which Congress passed in 1929. This landmark legislation authorized the Federal government to acquire and permanently protect wetlands for waterfowl. It also created the Migratory Bird Conservation Commission – composed of Federal and State officials – to consider and approve proposals for land acquisition.

Although the Act gave the Federal Government authority to create migratory bird refuges, it did not provide a permanent source of acquisition funding. This problem was addressed in the 1930s when President Franklin D. Roosevelt appointed Jay N. "Ding" Darling, a nationally known wildlife conservationist and political cartoonist, to serve as the Chief of the Bureau of Biological Survey. Darling was instrumental in the creation of a stamp, to be purchased by all waterfowl hunters, that would generate funds to pay for the acquisition of waterfowl habitat. In 1934, Congress passed the Migratory Bird Hunting and Conservation Stamp Act, which requires all hunters older than 16 to purchase and possess a Federal Duck Stamp while hunting waterfowl. Revenues from Duck Stamp sales are now deposited in the Migratory Bird Conservation Fund. The fund also includes import duties collected on arms and ammunition, receipts from permits for rights-of-way across refuge

lands, and any appropriations from the Wetlands Loan Act, which Congress authorized in 1961 as an advance of funds against future revenues from the sale of Duck Stamps.

Since 1934, the Service has spent more than one billion Migratory Bird Conservation Fund dollars to permanently protect more than five million acres of important waterfowl habitat – including more than three million acres of waterfowl production areas in the U.S. Prairie Pothole Region. In 2013 alone, the Service used close to \$53 million in funds from the Migratory Bird Conservation Fund to purchase, lease, or protect via easement more than seven thousand acres of waterfowl habitat at migratory bird refuges and nearly 53,000 acres in the Prairie Pothole Region.

Today, as in the past, the Federal Duck Stamp Program and Migratory Bird Conservation Program depend on the support of people who understand and connect with our natural world – people who understand the importance of our wildlife resources and take action. What can you do? Buy a Federal Duck Stamp. Tell people how important Federal Duck Stamps are to ensuring healthy populations of all migratory birds and other wildlife. For more information, visit our Federal Duck Stamp Web site < www.fws.gov/duckstamps/> or our Division of Realty Web site <www.fws.gov/refuges/realty>.

The Migratory Bird Conservation Commission

Section 2 of the Migratory Bird Conservation Act of 1929 established the Migratory Bird Conservation Commission. It reads as follows:

Section 2. as amended. A commission to be known as the Migratory Bird Conservation Commission, consisting of the Secretary of the Interior, as chairman, the Administrator of the Environmental Protection Agency, the Secretary of Agriculture, and two Members of the Senate, to be selected by the President of the Senate. and two Members of the House of Representatives to be selected by the Speaker, is created and authorized to consider and pass upon any area of land, water, or land and water that may be recommended by the Secretary of the Interior for purchase or rental under this subchapter, and to fix the price or prices at which such area may be purchased or rented; and no purchase or rental shall be made of any such area until it has been duly approved for purchase or rental by said commission. Any Member of the House of Representatives, who is

a member of the commission, if reelected to the succeeding Congress, may serve on the commission notwithstanding the expiration of a Congress. Any vacancy on the commission shall be filled in the same manner as the original appointment. The ranking officer of the branch or department of a State to which is committed the administration of its game laws, or his authorized representative, and in a State having no such branch or department, the governor thereof, or his authorized representative, shall be a member ex officio of said commission for the purpose of considering and voting on all questions relating to the acquisition, under this subchapter, of areas in his State. For purposes of this subchapter, the purchase or rental of any area of land, water, or land and water includes the purchase or rental of any interest in any such area of land, water, or land and water.

Additional Act: In 1989, the Commission acquired the additional responsibility of approving project funding under the North American Wetlands Conservation Act. This Act provides Federal funding to encourage partnerships to protect, enhance, restore, and

manage wetlands and other habitats for migratory birds and other fish and wildlife. The North American Wetlands Conservation Council, which was created by the legislation, submits project recommendations to the Commission for funding approval.

Hon. Sally Jewell Secretary of the Interior, Chairman

Hon. Tom Vilsack Secretary of Agriculture

Hon. Gina McCarthy Administrator, Environmental Protection Agency

Hon. Thad Cochran Senator from Mississippi Hon. Mark Pryor Senator from Arkansas

Hon. John D. Dingell Representative from Michigan

Hon. Robert J. Wittman Representative from Virginia

A Eric Alvarez Secretary to the Commission Telephone: 703/358-1716

The Migratory Bird Conservation Fund

The Migratory Bird Hunting and Conservation Stamp Act of March 18, 1934 (Duck Stamp Act), created the Migratory Bird Conservation Fund (MBCF) to provide the Department of the Interior with monies to acquire migratory bird habitat.

There are three major sources of funds deposited into the MBCF account. The most well-known source is the revenue received from the sale of Migratory Bird Hunting and Conservation Stamps, commonly known as Duck Stamps, as provided for under the Duck Stamp Act. The other two major sources include appropriations authorized by the Wetlands Loan Act of October 4, 1961, as amended, and import duties collected on arms and ammunition, as provided for under the Emergency Wetlands Resources Act of 1986.

The MBCF finances two Service land acquisition programs that are administered by the Division of Realty. The first program acquires waterfowl habitat in major migratory bird conservation areas under the authority of the Migratory Bird Conservation Act of 1929. The second program acquires small natural wetlands, grasslands, and interests, known as Waterfowl Production Areas, under the authority of the Duck Stamp Act. Waterfowl Production Areas are located primarily in the Prairie Pothole Region of the upper Midwest of the United States.

A total of \$65,379,314 was available for obligation from the MBCF during fiscal year 2013. Collections included \$3,405,108 in reverted Federal Aid Wildlife Restoration grant money. Sequestration claimed \$3,490,991 from MBCF collections.

Disbursements for all MBCF land acquisition functions during the fiscal year totaled \$66,390,697, which included \$1,011,383 in disbursements from prior year obligations. The disbursement total includes \$18,465,238 for the acquisition of land and interests in land totaling 7,409 acres at major migratory bird conservation areas, and \$46,356,554 for land and interests in land totaling 52,895 acres at Waterfowl Production Areas. Printing expenses for the Federal Duck Stamp and other support costs make up the remaining \$1,568,905.

National Wildlife Refuge System: New Boundary Addition Approvals for Fiscal Year 2013

Boundary Addition Approvals

Red Rock Lakes National Wildlife Refuge Beaverhead County, Montana

San Bernard National Wildlife Refuge Brazoria County, Texas

Trinity River National Wildlife Refuge Liberty County, Texas

Turnbull National Wildlife Refuge Spokane County, Washington

Red Rock Lakes National Wildlife Refuge

Beaverhead County, Montana

On June 5, 2013, the Migratory Bird Conservation Commission granted boundary approval for 489 additional lease acres at Red Rock Lakes National Wildlife Refuge, and price re-approval for the lease payment on 5,834 acres.

Red Rock Lakes NWR is located approximately 60 miles southeast of Dillon, Montana. The Lower Red Rock Lake area of the Refuge supports one of the highest densities of breeding lesser scaup on the continent. The Refuge and Centennial Valley support the highest density of breeding trumpeter swans in the tri-state flock (Idaho, Montana, Wyoming). Swans in the Refuge and Centennial Valley produce more cygnets than any other single area in the western United States.

The boundary addition squares off the Refuge boundary which allows more consistent management of the area.

San Bernard National Wildlife Refuge

Brazoria and Matagorda Counties, Texas

During Fiscal Year 2013, the Migratory Bird Conservation Commission granted boundary and price approval for the fee title acquisition of 2,336.37 acres at the Austin's Woods Unit of the San Bernard National Wildlife Refuge. This included Commission boundary and price approvals of 264.06 acres in March, and 2,072.31 acres in September.

The Austin's Woods Unit is located 50 miles south of Houston, Texas. It is a productive and valuable wetland complex that provides habitat for migrating, wintering, and resident waterfowl, wading birds, neo-tropical migratory birds, and other wetland-dependent

wildlife species. Thousands of waterfowl winter in the area, including mottled ducks, mallards, northern pintails, gadwalls, widgeons, northern shovelers, blue – and green-winged teal, blackbellied whistling ducks, and ruddy ducks.

The acquired tracts are in the Central and South-central part of the Austin's Woods Unit. The Service will manage the land as habitat for waterfowl, wading birds, neo-tropical migrants, and other wildlife. These acquisitions further the objectives of the North American Waterfowl Management Plan in assuring the future of the nation's waterfowl resource.

Trinity River National Wildlife Refuge

Liberty County, Texas

During Fiscal Year 2013, the Migratory Bird Conservation Commission granted boundary and price approval for the fee title acquisition of 311.32 acres at Trinity River National Wildlife Refuge. This included Commission boundary and price approvals of 230 acres in March, and 81.32 acres in June.

Trinity River NWR is located 45 miles northeast of Houston in Liberty County, Texas. The Refuge protects important remnant bottomland hardwood and associated habitats for migrating, wintering, and breeding waterfowl, including wood duck, mallard, gadwall,

American widgeon, green – and bluewinged teal, and mottled duck. Mature cavity trees provide important nesting habitat for wood ducks and black-bellied whistling ducks.

The 311.32 acres approved for acquisition contain flood-prone bottomland hardwood habitat. The Service will manage the tract to protect important waterfowl habitat in the Trinity River floodplain. The Service also plans to offer compatible public use such as hunting, wildlife observation, environmental education, and interpretation.

Turnbull National Wildlife Refuge

Spokane County, Washington

On September 12, 2013, the Migratory Bird Conservation Commission granted boundary approval for an additional 405.38 acres at Turnbull National Wildlife Refuge, including a 60' access easement.

Turnbull NWR is located approximately 17 miles southwest of Spokane, Washington. The Refuge serves as a breeding ground for migratory birds, primarily diving ducks such as canvasback and redhead. It contains

a diverse landscape of the channeled scablands – a mosaic of ponderosa pine, wetlands, and shrub-steppe habitats. This acquisition contains more than 57 acres of drained wetlands which the Service plans to restore and manage for waterfowl and other wildlife.

The boundary addition expands the Refuge's footprint to 39,601 acres, of which up to 12,000 acres may be acquired.

National Migratory Bird Refuges and Waterfowl Production Areas

The information contained in this report includes those acquisitions and dispositions of land and interests therein that are purchased with Migratory Bird Conservation Fund monies or acquired under the authority of the Migratory Bird Conservation Act. It also includes other migratory bird areas such as those that are transferred to the Fish and Wildlife Service under the authority of Public Law 80-537 to carry out a migratory bird management program.

Notes on Tables 1 and 2

In an ongoing effort to improve data quality, the figures in Tables 1 and 2 may show minor changes from previous annual reports. Lands in which the Service previously acquired a less-thanfee interest (leases and easements) may be purchased in fee during the year, so the number of easement or lease acres will show a decrease and the number of purchased acres will show an increase. The acreage appearing in the Approvals section of this report will not appear in Tables 1 or 2 until after the Service

acquires the tracts and expends the funds. Also, a newly approved refuge will not appear on Table 1 until the Service acquires the tract(s).

For information on all lands and interests under U.S. Fish and Wildlife Service control, refer to the Annual Report of Lands Under Control of the U.S. Fish and Wildlife Service. This report is available from the U.S. Fish and Wildlife Service, Division of Realty at <www.fws.gov/refuges/realty>, or by calling 703/358-1713.

^{*} These counties include interests transferred by the FSA.

 $FSA - Farm \ Service \ Agency \ (Formerly \ Farmers \ Home \ Administration, \ Department \ of \ Agriculture)$

Negative numbers in the $Fiscal\ Year\ MBCF\ Acquisition$ acreage totals reflect acres disposed through land-for-land exchanges, where the Service exchanged previously acquired WPA lands for other lands to consolidate land holdings, improve land management efficiency, and eliminate confusion for the visiting public.

^{**} Denotes interests transferred by the FSA.

North American Wetlands Conservation Fund: Summary of MBCC Approvals for Fiscal Year 2013

The Migratory Bird Conservation Commission approved 53 standard wetland conservation project proposals for funding in Fiscal Year 2013 under the North American Wetlands Conservation Act. A total of \$59,403,424 from the North American Wetlands Conservation Fund, together with \$141,238,559 in partner funds, are supporting 37 projects in the United States, 8 in Canada, and 8 in Mexico. The following tables provide summary and detailed project information.

Fiscal Year 2013

Standard projects Approved by the Migratory Bird Conservation Commission and Active Under the North American Wetlands Conservation Act

Country	$Number of \ Projects$	$Act\ Funds$	PartnerFunds	$Acres \ Affected$
U.S.	37	\$36,268,775	\$95,537,383	246,124
Canada	8	\$20,671,565	\$31,122,105	36,744
Mexico	8	\$2,463,084	\$14,579,071	27,489
Totals	53	\$59,403,424	\$141,238,559	310,357
U.S. Small Grants	46	\$3,028,878	\$7,575,209	52,145

In addition, the Commission approved 46 United States small grant proposals, totaling \$3,028,878 from the Fund, supported by \$7,575,209 in total partner funds, affecting 52,145 acres.
