The Service's Legacy of Conserving Migratory Waterfowl Habitat

For more than 80 years, the Federal Duck Stamp Program and the Migratory Bird Conservation Program have helped secure key habitats to sustain migratory bird populations. They protect wetlands, help dissipate storm water runoff, purify water supplies, and store flood water. As we look forward to the continuing conservation of these critical resources, we can find inspiration in these programs' extraordinary history of success.

At the turn of the 20th century, overeager hunters and the commercial demand for meat and feathers had decimated waterfowl populations. At the same time, periodic droughts caused wetlands and other valuable waterfowl habitat to disappear. In the late 1920s, conservationists, hunters, and government officials worked together to create the Migratory Bird Conservation Act, which Congress passed in 1929. This landmark legislation authorized the Federal government to acquire and permanently protect wetlands for waterfowl. It also created the Migratory Bird Conservation Commission—composed of Federal and State officials—to consider and approve proposals for land acquisition.

Although the Act gave the Federal Government authority to create migratory bird refuges, it did not provide a permanent source of acquisition funding. This problem was addressed in the 1930s when President Franklin D. Roosevelt appointed Jay N. “Ding” Darling, a nationally known wildlife conservationist and political cartoonist, to serve as the Chief of the Bureau of Biological Survey. Darling was instrumental in the creation of a stamp, to be purchased by all waterfowl hunters, that would generate funds to pay for the acquisition of waterfowl habitat. In 1934, Congress passed the Migratory Bird Hunting and Conservation Stamp Act, which requires all hunters older than 16 to purchase and possess a Federal Duck Stamp while hunting waterfowl. Revenues from Duck Stamp sales are now deposited in the Migratory Bird Conservation Fund. The fund also includes import duties collected on arms and ammunition, receipts from permits for rights-of-way across refuge lands, and

any appropriations from the Wetlands Loan Act, which Congress authorized in 1961 as an advance of funds against future revenues from the sale of Duck Stamps.

Since 1934, the Service has spent more than one billion Migratory Bird Conservation Fund dollars to permanently protect more than five million acres of important waterfowl habitat, including more than three million acres of waterfowl production areas in the U.S. Prairie Pothole Region. In 2014 alone, the Service used close to \$59 million in funds from the Migratory Bird Conservation Fund to purchase, lease, or protect via easement more than 10,000 acres of waterfowl habitat at migratory bird refuges and nearly 44,000 acres in the Prairie Pothole Region.

Today, as in the past, the Federal Duck Stamp Program and Migratory Bird Conservation Program depend on the support of people who understand and connect with our natural world—people who understand the importance of our wildlife resources and take action. What can you do? Buy a Federal Duck Stamp. Tell people how important Federal Duck Stamps are to ensuring healthy populations of all migratory birds and other wildlife. For more information, visit our Federal Duck Stamp Web site <www.fws.gov/duckstamps/> or our Division of Realty Web site <www.fws.gov/refuges/realty/>.

P I N T A I L

The Migratory Bird Conservation Commission

Section 2 of the Migratory Bird Conservation Act of 1929 established the Migratory Bird Conservation Commission. It reads as follows:

Section 2, as amended. A commission to be known as the Migratory Bird Conservation Commission, consisting of the Secretary of the Interior, as chairman, the Administrator of the Environmental Protection Agency, the Secretary of Agriculture, and two Members of the Senate, to be selected by the President of the Senate, and two Members of the House of Representatives to be selected by the Speaker; is created and authorized to consider and pass upon any area of land, water, or land and water that may be recommended by the Secretary of the Interior for purchase or rental under this subchapter; and to fix the price or prices at which such area may be purchased or rented; and no purchase or rental shall be made of any such area until it has been duly approved for purchase or rental by said commission. Any Member of the House of Representatives who is a

member of the commission, if reelected to the succeeding Congress, may serve on the commission notwithstanding the expiration of a Congress. Any vacancy on the commission shall be filled in the same manner as the original appointment. The ranking officer of the branch or department of a State to which is committed the administration of its game laws, or his authorized representative, and in a State having no such branch or department, the governor thereof, or his authorized representative, shall be a member ex officio of said commission for the purpose of considering and voting on all questions relating to the acquisition, under this subchapter, of areas in his State. For purposes of this subchapter, the purchase or rental of any area of land, water, or land and water includes the purchase or rental of any interest in any such area of land, water, or land and water.

Additional Act: In 1989, the Commission acquired the additional responsibility of approving project funding under the North American Wetlands Conservation Act. This Act provides Federal funding to encourage partnerships to protect, enhance, restore, and

manage wetlands and other habitats for migratory birds and other fish and wildlife. The North American Wetlands Conservation Council, which was created by the legislation, submits project recommendations to the Commission for funding approval.

The Migratory Bird Conservation Fund

The Migratory Bird Hunting and Conservation Stamp Act of March 18, 1934 (Duck Stamp Act), created the Migratory Bird Conservation Fund (MBCF) to provide the Department of the Interior with monies to acquire migratory bird habitat.

There are three major sources of funds deposited into the MBCF account. The most well-known source is the revenue received from the sale of Migratory Bird Hunting and Conservation Stamps, commonly known as Duck Stamps, as provided for under the Duck Stamp Act. The other two major sources include appropriations authorized by the Wetlands Loan Act of October 4, 1961, as amended, and import duties collected on arms and ammunition, as provided for under the Emergency Wetlands Resources Act of 1986.

The MBCF finances two Service land acquisition programs that are administered by the Division of Realty. The first program acquires waterfowl habitat in major migratory bird conservation areas under the authority of the Migratory Bird Conservation Act of 1929. The second program acquires small natural wetlands, grasslands, and interests, known as Waterfowl Production Areas, under the authority of the Duck Stamp Act. Waterfowl Production Areas are located primarily in the Prairie Pothole Region of the upper Midwest of the United States.

A total of \$66,502,810 was available for obligation from the MBCF during fiscal year 2014. Collections included an additional \$3,405,108 in reverted Federal Aid Wildlife Restoration grant money. Sequestration claimed \$4,956,526 from MBCF collections.

Disbursements for all MBCF land acquisition functions during the fiscal year totaled \$76,267,913, which included \$69,119 in disbursements from prior year obligations. The disbursement total includes \$21,045,029 for the acquisition of land and interests in land totaling 10,552 acres at major migratory bird conservation areas, and \$53,173,190 for land and interests in land totaling 49,943 acres at Waterfowl Production Areas. Printing expenses for the Federal Duck Stamp and other support costs make up the remaining \$2,049,693.

San Bernard National Wildlife Refuge
Brazoria County, Texas

Trinity River National Wildlife Refuge
Liberty County, Texas

Upper Ouachita National Wildlife Refuge
Union and Morehouse Parishes, Louisiana

Anahuac National Wildlife Refuge

Chambers County, Texas

On March 26, 2014, the Migratory Bird Conservation Commission granted boundary and price approval for the fee title acquisition of 1,227 acres at the Anahuac National Wildlife Refuge.

Anahuac NWR is located in Chambers County, Texas, approximately 20 miles southeast of the town of Anahuac. Meandering bayous on the Refuge cut through ancient flood plains, creating vast expanses of coastal marsh and prairie bordering Galveston Bay, which

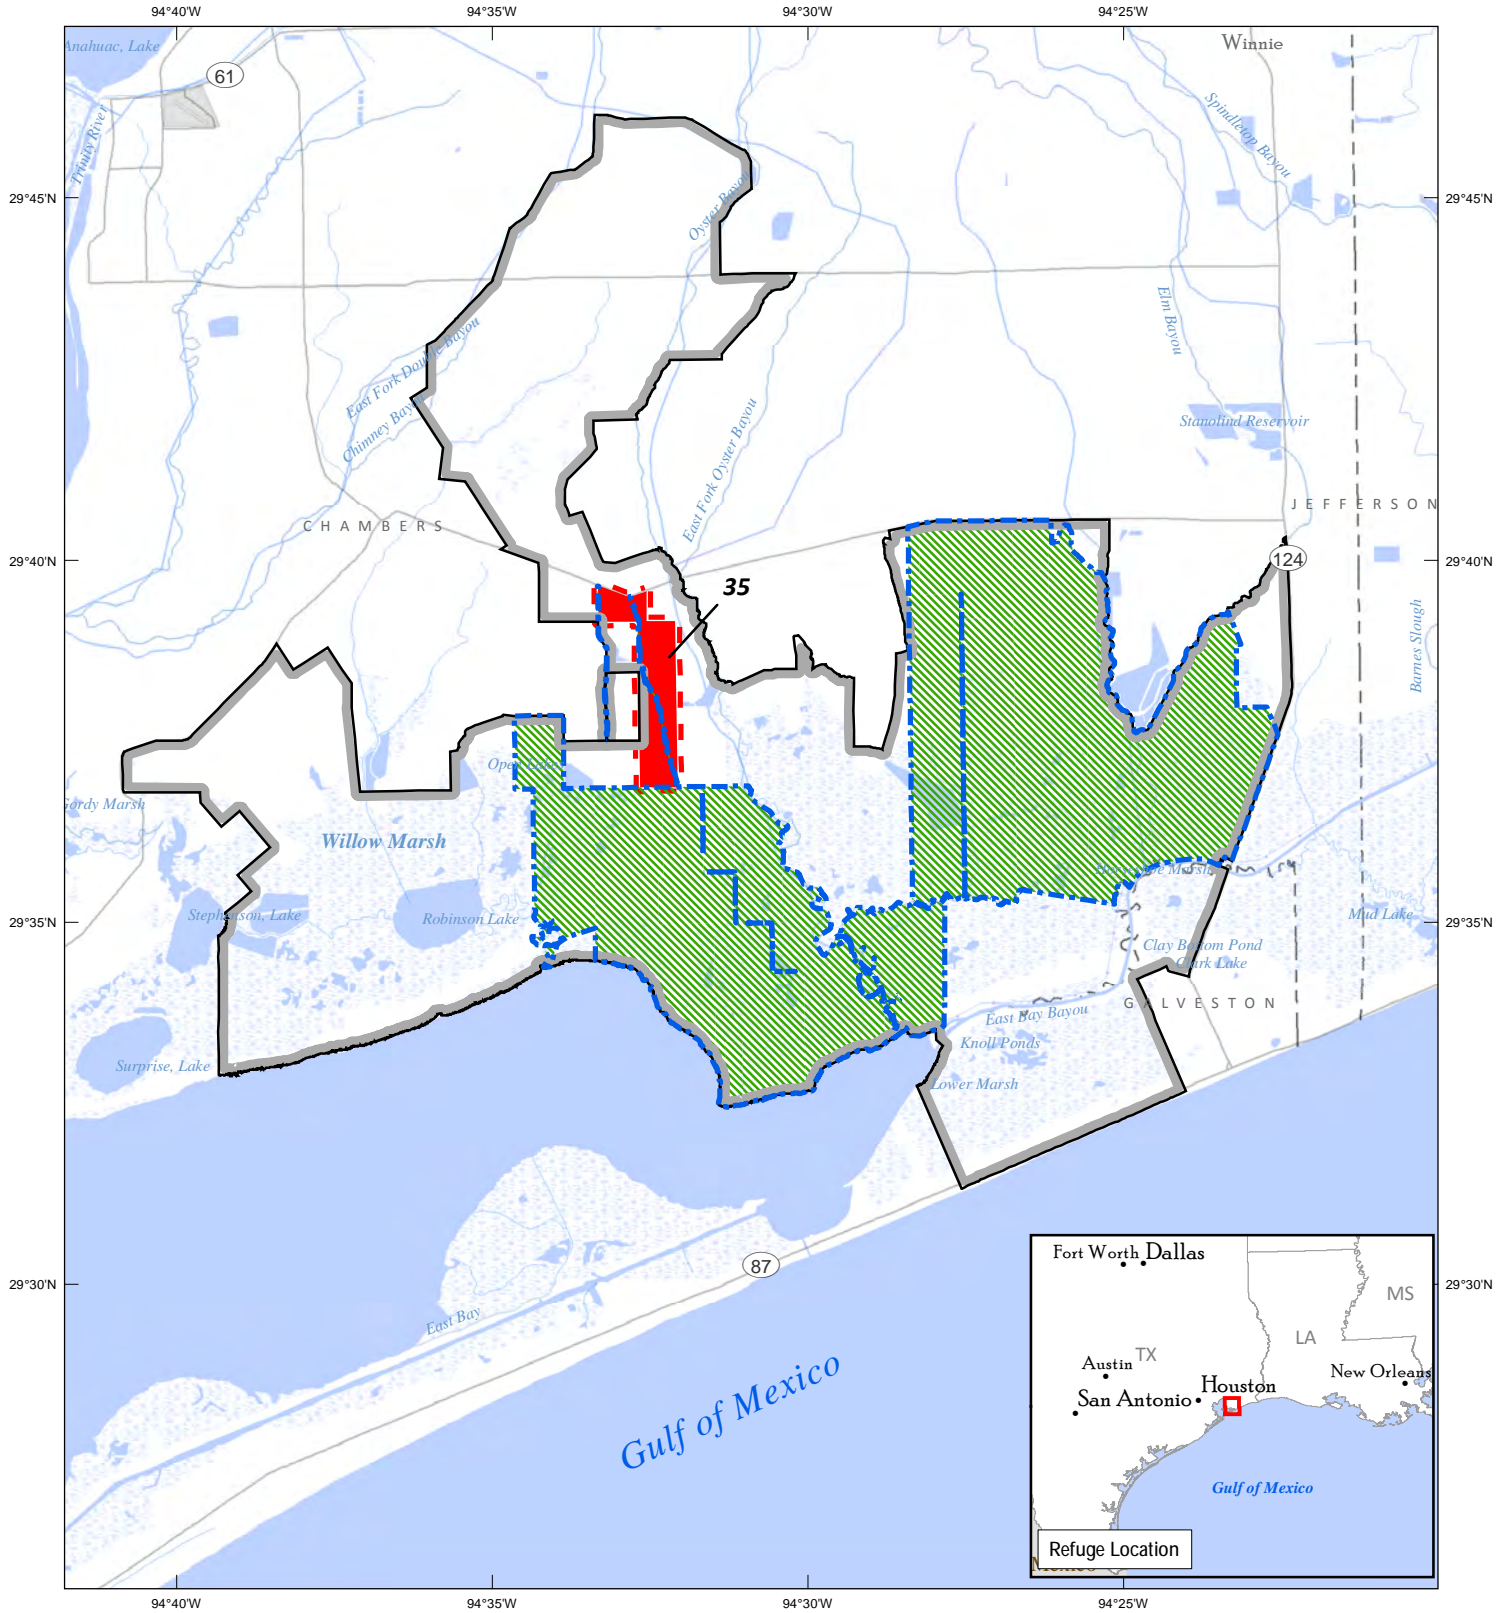

provide important habitat for migrating, wintering, and breeding waterfowl, including blue and green-winged teal, mottled duck, gadwall, northern pintail, and northern shoveler. The Refuge provides some of the best waterfowl hunting opportunities in southeast Texas, with 40 percent of the refuge open to waterfowl hunting.

The 1,227.31 acres approved for acquisition contain marsh and prairie habitat. The Service will manage the

tract to improve waterfowl habitat through water management, controlled grazing, prescribed burning, and moist soil management. The Service also plans to offer compatible public use such as hunting, fishing, wildlife observation, and environmental education and interpretation.

San Bernard National Wildlife Refuge

Brazoria County, Texas

On March 26, 2014, the Migratory Bird Conservation Commission granted boundary and price approval for the fee title acquisition of 30.11 acres at the Austin's Woods Unit of the San Bernard National Wildlife Refuge.

The Austin's Woods Unit is located 50 miles south of Houston, Texas. It is a productive and valuable wetland complex that provides habitat for migrating, wintering, and resident waterfowl, wading birds, neo-tropical migratory

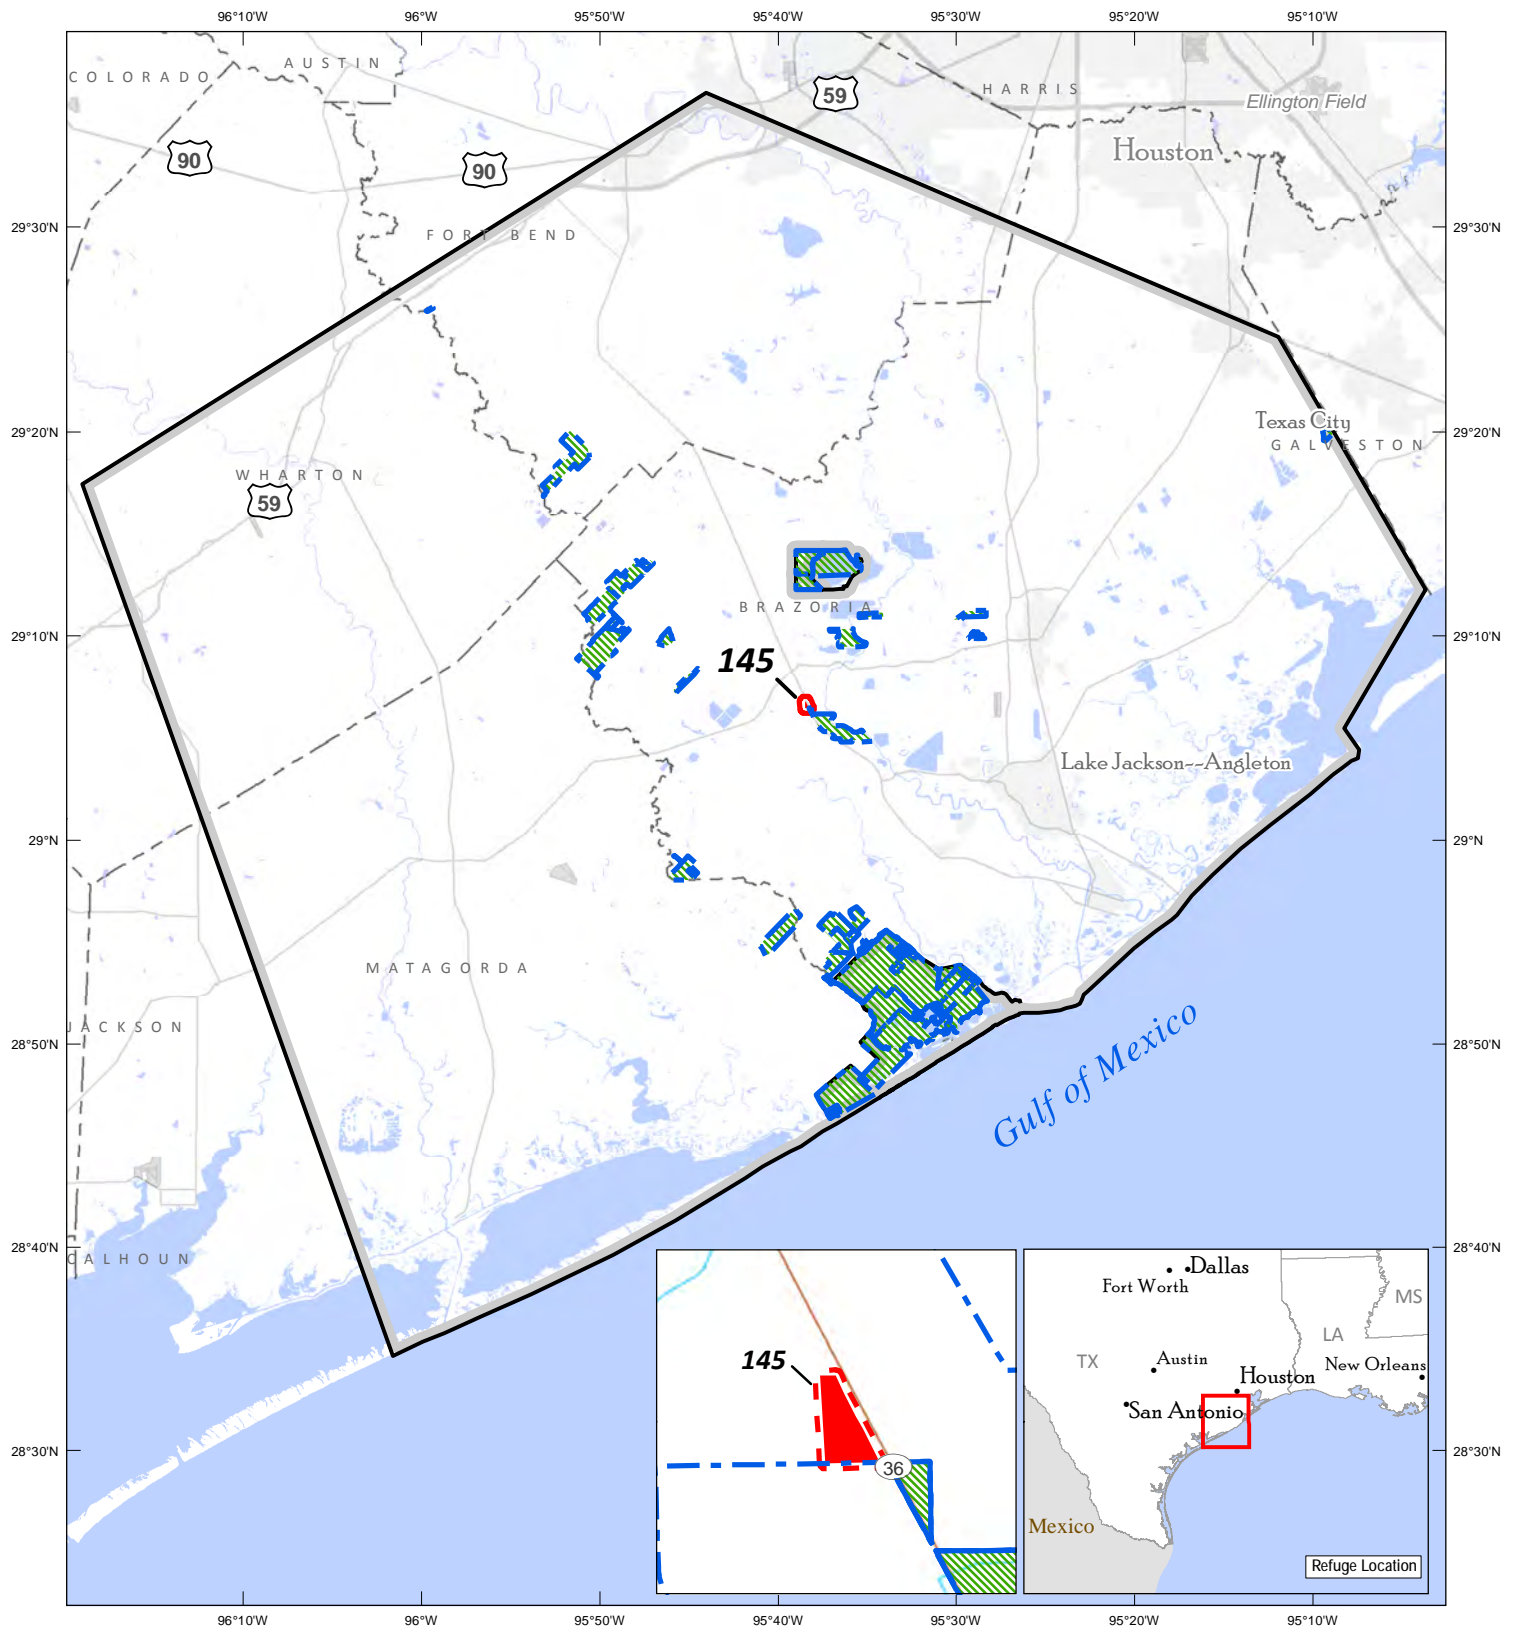

birds, and other wetland-dependent wildlife species. Thousands of waterfowl winter in the area, including mottled ducks, mallards, northern pintails, gadwalls, widgeons, northern shovelers, blue- and green-winged teal, black-bellied whistling ducks, and ruddy ducks.

The acquired tract is located in the Central part of the Austin's Woods Unit. The Service will manage the land as habitat for waterfowl, wading birds, neo-tropical migrants, and other wildlife.

These acquisitions further the objectives of the North American Waterfowl Management Plan in assuring the future of the nation's waterfowl resource.

Trinity River National Wildlife Refuge

Liberty County, Texas

During Fiscal Year 2014, the Migratory Bird Conservation Commission granted boundary and price approval for the fee title acquisition of 710.31 acres at Trinity River National Wildlife Refuge. This included Commission boundary and price approvals of 234.38 acres in March, and 475.93 acres in September.

Trinity River NWR is located 45 miles northeast of Houston in Liberty County, Texas. The Refuge protects important remnant bottomland hardwood and associated habitats for migrating,

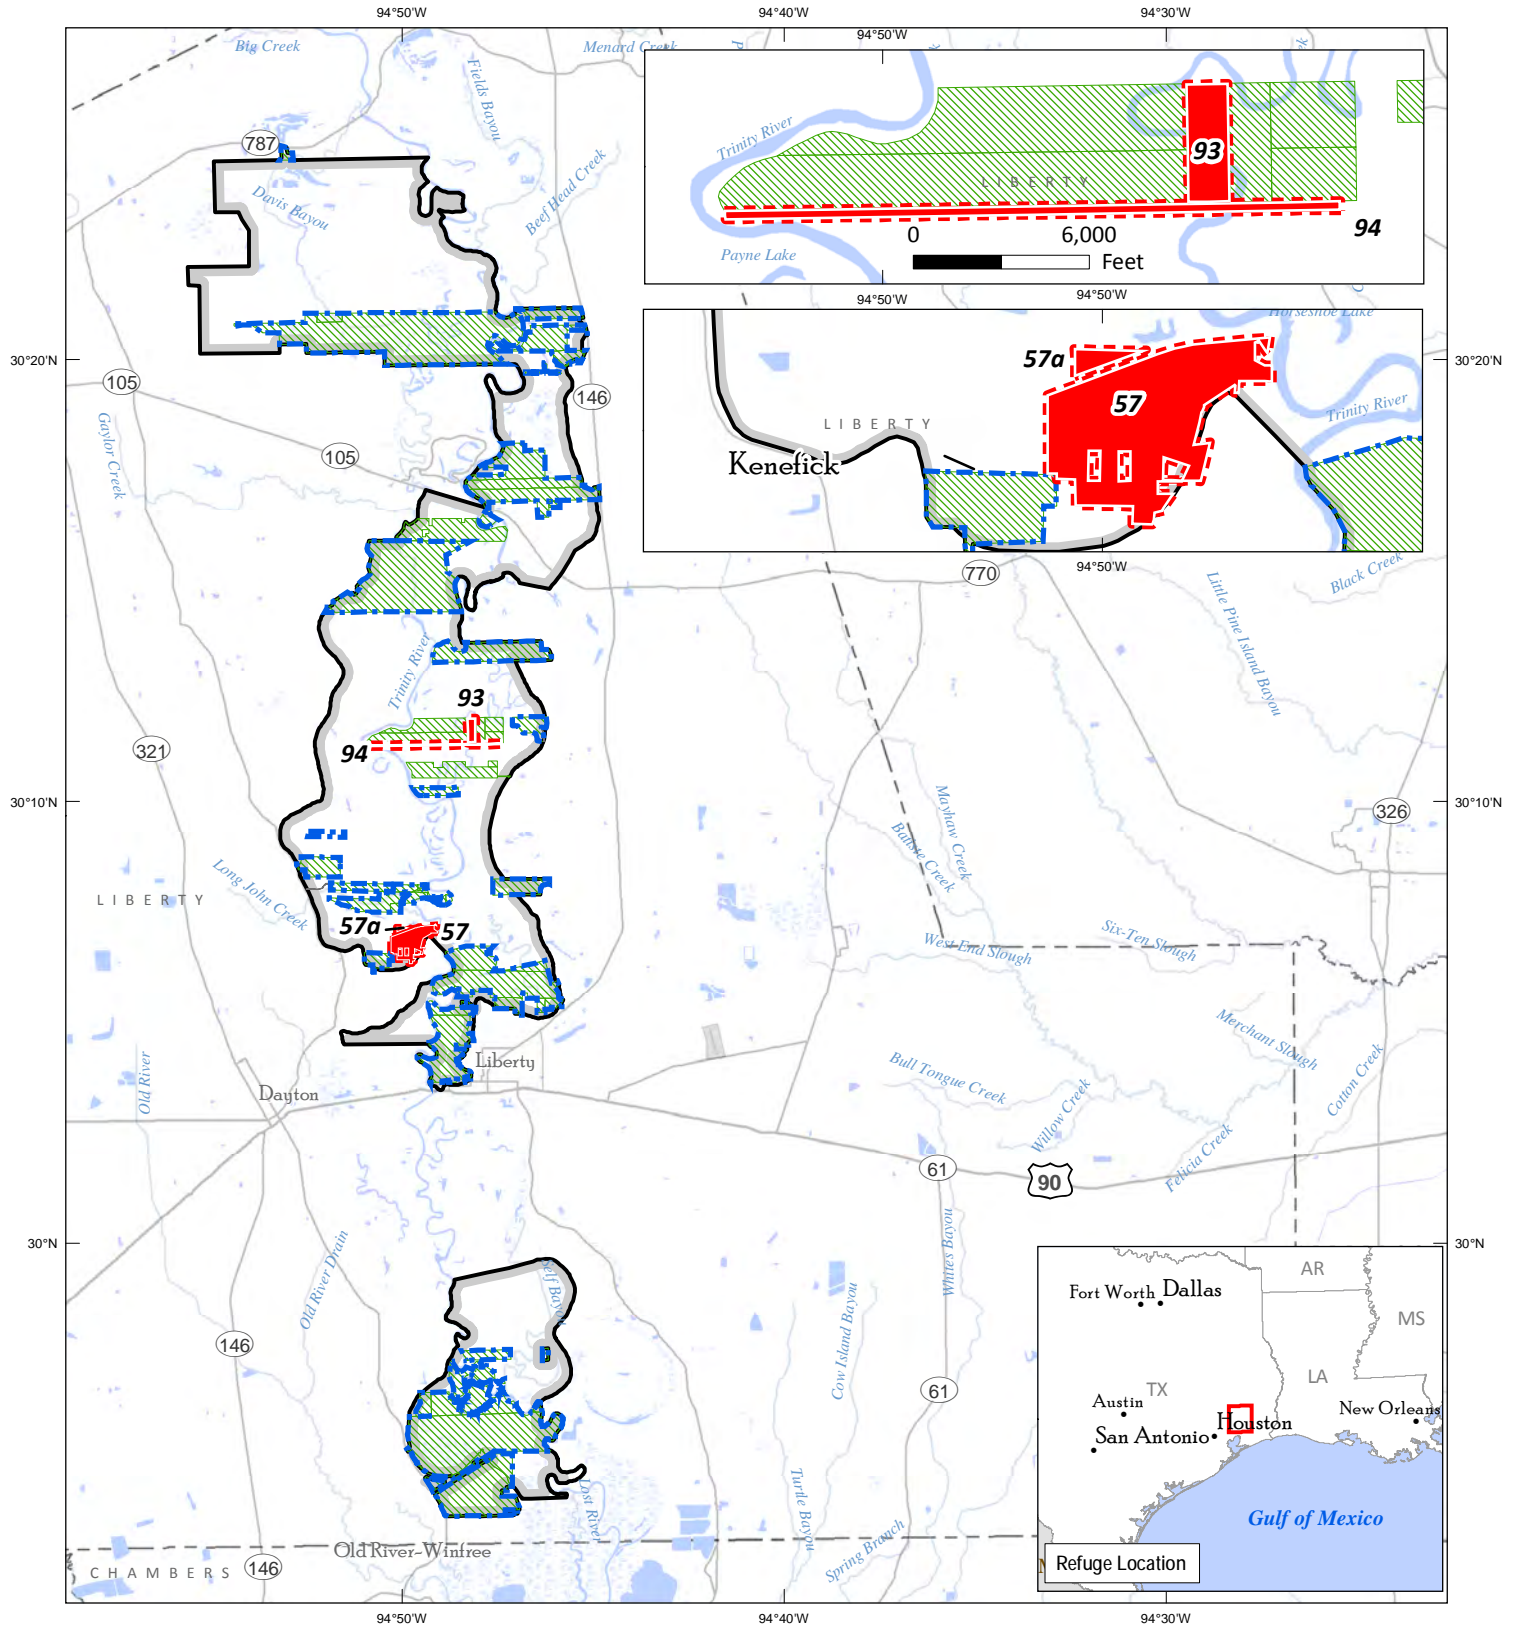

wintering, and breeding waterfowl, including wood duck, mallard, gadwall, American widgeon, green- and blue-winged teal, and mottled duck. Mature cavity trees provide important nesting habitat for wood ducks and black-bellied whistling ducks.

The 710.31 acres approved for acquisition contain flood-prone bottomland hardwood habitat. The Service will manage the tract to protect important waterfowl habitat in the Trinity River floodplain. The Service also plans to offer

compatible public use such as hunting, wildlife observation, and environmental education and interpretation.

Upper Ouachita National Wildlife Refuge

Union and Morehouse Parishes, Louisiana

On March 26, 2014, the Migratory Bird Conservation Commission granted boundary approval for 18,711 acres at the Upper Ouachita National Wildlife Refuge, and price approval for the fee title acquisition of 3,276 acres.

The Upper Ouachita NWR is located in Union and Morehouse Parishes, Louisiana, approximately 29 miles north of Monroe, and encompasses more than 50,000 acres of bottomland hardwood forest, pine and pine/hardwood mixed forests, shrub-scrub habitats, moist soil

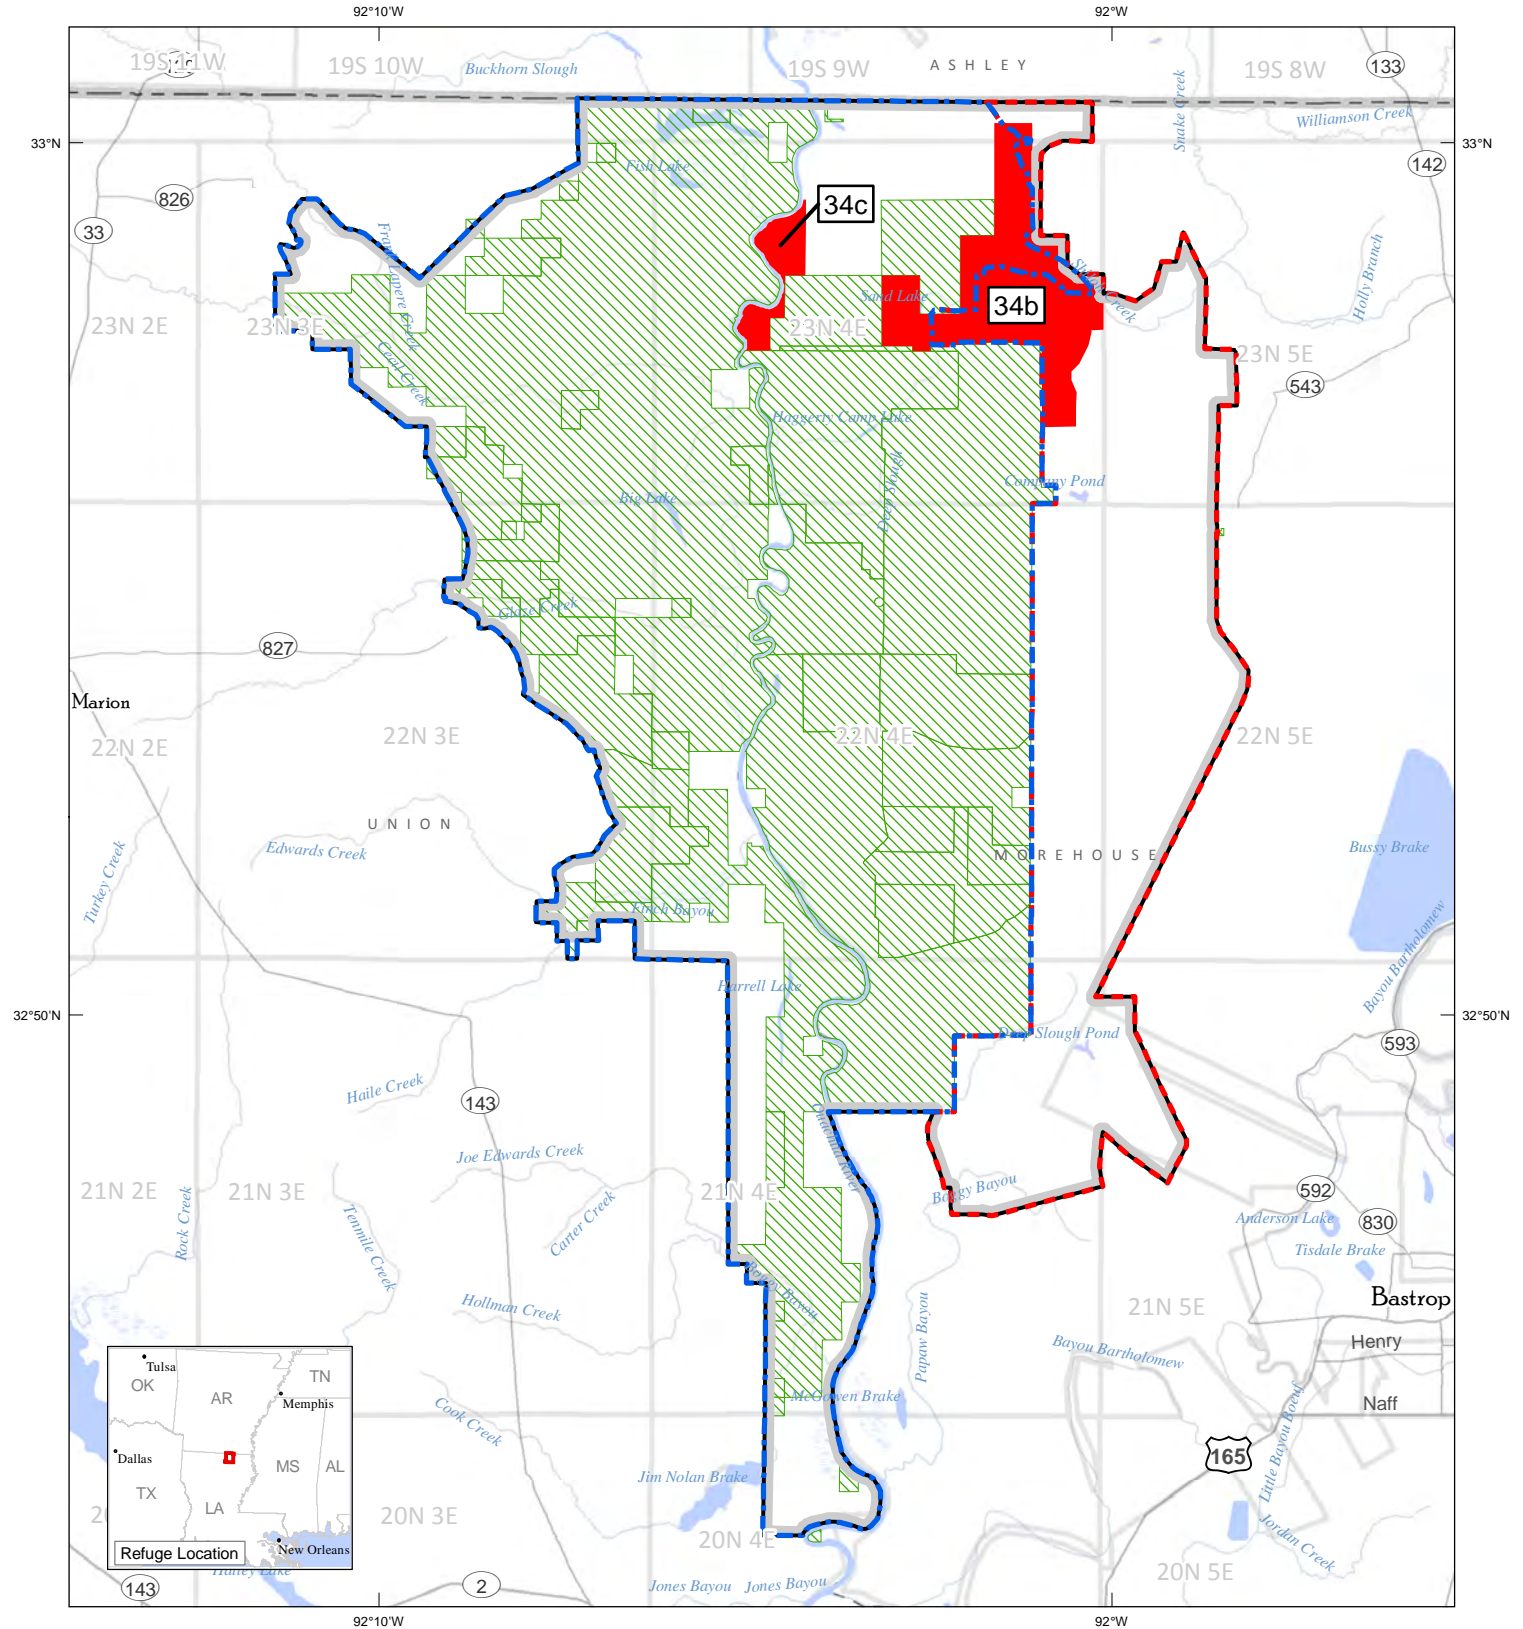

areas, and open water. The purposes of the Refuge are to preserve wintering habitat for mallards, northern pintails, and wood ducks, and to contribute to the goals of the Lower Mississippi River Valley Joint Venture, the North American Waterfowl Management Plan, and the Red-cockaded Woodpecker Recovery Plan.

The 3,276 acres approved for acquisition include a large portion of the Refuge's last remaining large inholding east of the Ouachita River. The property's

bottomland hardwood forest habitats support thousands of wintering waterfowl, including mottled ducks, mallards, northern pintails, gadwalls, wigeons, northern shovelers, blue- and green-winged teal, black-bellied whistling ducks, and ruddy ducks. The Service will manage the property to protect habitat for waterfowl and other wildlife, and to provide compatible public use such as hunting, fishing, wildlife observation, and environmental education and interpretation.

National Migratory Bird Refuges and Waterfowl Production Areas

The information contained in this report includes those acquisitions and dispositions of land and interests therein that are purchased with Migratory Bird Conservation Fund monies or acquired under the authority of the Migratory Bird Conservation Act. It also includes other migratory bird areas such as those that are transferred to the Fish and Wildlife Service under the authority of Public Law 80-537 to carry out a migratory bird management program.

Notes on Tables 1 and 2

In an ongoing effort to improve data quality, the figures in Tables 1 and 2 may show minor changes from previous annual reports. Lands in which the Service previously acquired a less-than-fee interest (leases and easements) may be purchased in fee during the year, so the number of easement or lease acres will show a decrease and the number of purchased acres will show an increase. The acreage appearing in the Approvals section of this report will not appear in Tables 1 or 2 until after the Service

acquires the tracts and expends the funds. Also, a newly approved refuge will not appear on Table 1 until the Service acquires the tract(s).

Refer to the Annual Report of Lands of the U.S. Fish and Wildlife Service for information on all lands and interests managed by the Service. This report is available from the U.S. Fish and Wildlife Service, Division of Realty at <www.fws.gov/refuges/realty>, or by calling 703/358-1713.

Negative numbers in the *Fiscal Year MBCF Acquisition* acreage totals reflect acres disposed through land-for-land exchanges, where the Service exchanged previously acquired refuge lands for other lands to consolidate land holdings, improve land management efficiency, and eliminate confusion for the visiting public.

Wetland Management Districts Map

Wetland Management Districts are comprised of counties in which the Service has acquired or is leasing any wetland or pothole area and is managing it as a Waterfowl Production Area (WPA).

* These counties include interests transferred by the FSA.

** Denotes interests transferred by the FSA.

FSA - Farm Service Agency (Formerly Farmers Home Administration, Department of Agriculture)

Negative numbers in the *Fiscal Year MBCF Acquisition* acreage totals reflect acres disposed through land-for-land exchanges, where the Service exchanged previously acquired WPA lands for other lands to consolidate land holdings, improve land management efficiency, and eliminate confusion for the visiting public.

North American Wetlands Conservation Fund: Summary of MBCC Approvals for Fiscal Year 2014

The Migratory Bird Conservation Commission approved 74 standard wetland conservation project proposals for funding in Fiscal Year 2014 under the North American Wetlands Conservation Act. A total of \$76,187,084 from the North American Wetlands Conservation Fund, together with \$138,886,841 in partner funds, are supporting 50 projects in the United States, 14 in Canada, and 10 in Mexico. The following tables provide summary and detailed project information.

Fiscal Year 2014

Standard projects Approved by the Migratory Bird Conservation Commission and Active Under the North American Wetlands Conservation Act

<i>Country</i>	<i>Number of Projects</i>	<i>Act Funds</i>	<i>Partner Funds</i>	<i>Acres Affected</i>
U.S.	50	\$50,052,509	\$110,797,900	245,524
Canada	14	\$23,595,356	\$23,704,606	35,459
Mexico	10	\$2,539,219	\$4,384,335	23,765
Totals	74	\$76,187,084	\$138,886,841	304,748

U.S. Small Grants	45	\$3,095,373	\$9,063,553	21,024
--------------------------	-----------	--------------------	--------------------	---------------

In addition, the Commission approved 45 United States small grant proposals, totaling \$3,095,373 from the Fund, supported by \$9,063,553 in total partner funds, affecting 21,024 acres.
