

Bogue Chitto National Wildlife Refuge Hunting, Fishing and Camping Regulations 2016-2017

Bogue Chitto National Wildlife Refuge General Fishing, Hunting, and Camping Regulations

The regulations listed below supplement Louisiana and Mississippi State hunting and fishing regulations and the general regulations governing hunting and fishing on National Wildlife Refuges set forth in Title 50, Code of Federal Regulations. All plants and animals are protected from hunting unless a specific refuge hunting season allows for the take of animals under this permit.

Hunters, anglers, and campers sixteen years of age and older are required to have a Refuge permit. This brochure when signed and in your possession, serves as a permit for all 2016-2017 Refuge hunts, angling, and camping. Individuals using the Refuge are subject to inspection of permits, licenses, hunting equipment, bag limits, boats, vehicles, and their contents by wildlife officers.

Unless stated otherwise in this brochure, all Refuge lands are open during daylight shooting hours only with the exception of legal night time hunting activities. Daylight shooting hours are from 30 minutes before legal sunrise to 30 minutes after legal sunset.

Persons possessing, transporting, or carrying firearms on national wildlife refuges must comply with all provisions of State and local law. Persons may only use (discharge) firearms in accordance with Refuge regulations (50 CFR 27.42 and specific Refuge regulations in 50 CFR Part 32).

Motorized vehicles are only permitted on public roads and designated parking areas.

The Refuge will be closed to all hunting, except waterfowl, when the Pearl River reaches 15.5 feet on the gauge at Pearl River. Call the National Weather Service at 985/649 0357 for current reading.

State hunting regulations apply unless otherwise listed. When the Refuge follows State seasons (as listed below); those Refuge lands in Mississippi follow Mississippi State seasons and those Refuge lands in Louisiana follow Louisiana State seasons.

All persons under 16 years of age, while hunting on the Refuge, must be in the presence and under direct supervision of a licensed or exempt hunter at least 21 years of age. A licensed hunter supervising a youth must hold all required licenses and permits. Supervising adults shall maintain visual and voice contact with the youth at all times. The supervising adult is responsible for ensuring that youth hunters do not engage in conduct that would constitute a violation of Refuge regulations. Dogs are allowed for hunting migratory birds, squirrels, rabbits, raccoon, and hogs during designated seasons only.

Big Game Regulations

Legal primitive firearms for primitive firearms season are defined by State law in the State you are hunting in.

All state approved archery equipment will be allowed as a legal means of take during the deer archery season.

It is illegal to construct or to hunt from any permanent stands or blinds. Valid permit holders are allowed to possess and hunt from a portable stand or blind on the Refuge. All stands on the Refuge must be identified with hunter's name and phone number permanently and legibly written on or attached to the stand. Stands left on the area do not reserve the hunting locations. Temporary stands may be placed two days prior to hunt and must be removed two days after the season closes. Stands not in compliance with these regulations may be confiscated and disposed of by the Refuge.

In Louisiana, during the Refuge deer firearm and primitive weapon season, all hunters, except waterfowl hunters and nighttime raccoon and opossum hunters, must wear in full view no less than 400 square inches of solid unbroken fluorescent orange as the outermost layer of clothing on the chest and back and a fluorescent orange cap. All hunters in Mississippi must abide by the same fluorescent regulation above but wear not less than 500 square inches of the fluorescent orange in place of the 400 square inch requirement described above.

Deer hunters hunting from concealed blinds must display a minimal of 400 sq. inches of solid unbroken fluorescent orange visible from all sides.

In the event the Refuge is closed during the deer gun hunts due to high water, alternative hunt days may be provided. Details will be provided in a news release and on the Refuge website: www.fws.gov/boguechitto. (Proposed dates, up to 21 days from December 26 to January 15, either sex; but only as many days as lost from the high water closure, bucks only on week days.)

For all deer hunts in Mississippi except youth hunts, legal buck antler restrictions apply.

Hunters are encouraged to compete a certified Bowhunter Education Course.

Migratory Bird Regulations

Waterfowl hunting must cease by noon and all decoys, spent shells, and blinds must be removed from the hunting area by 1 pm.

Upland Game/Small Game

All other hunters, including archery hunters (while on the ground), except waterfowl hunters, must wear a hunter-orange cap or hat during the season for squirrels and rabbits. All hunters using shotguns for small game must use approved non-toxic shot. Small game also may be hunted with .22 magnum, .17 and .22 caliber rimfire rifles.

Camping

Primitive camping is permitted within 100 feet of designated streams. This includes either bank of the Bogue Chitto River, Wilson Slough, West Pearl River south of Wilson Slough, and Refuge lands along the East Pearl River and Holmes Bayou.

No campsite can be left unattended longer than 24 hours. Campsites cannot be established longer than 14 consecutive days. Campers must mark their campsite with the owner's name, address, phone number, and dates of occupancy in a conspicuous location at the front of the tents.

The Refuge is closed to camping when the Pearl River reaches 15.5 feet on the gauge at Pearl River.

Specific Sport Fishing Regulations

Recreational fishing is permitted year-round in accordance with State regulations subject to the following conditions. All Federal and State regulations governing boating, creel limits, and license requirements must be followed by Refuge anglers.

Limb lines are permitted, but must be 100% cotton.

Trotlines are permitted, but the ends of trotlines must be attached by a cotton line which extends into the water and be tended every 24 hours.

All non-attended fishing gear on or attached to the Refuge must be tagged with the owner's name, address, and phone number.

The fishing pond at the Pearl River Turnaround is open except closed from April-June. Non-gas powered boats may be hand launched when open. The use of this fishing pond area is permitted from 30 minutes before legal sunrise to 30 minutes after legal sunset.

Bogue Chitto Refuge Hunting/Fishing/Camping Permit 2016-2017

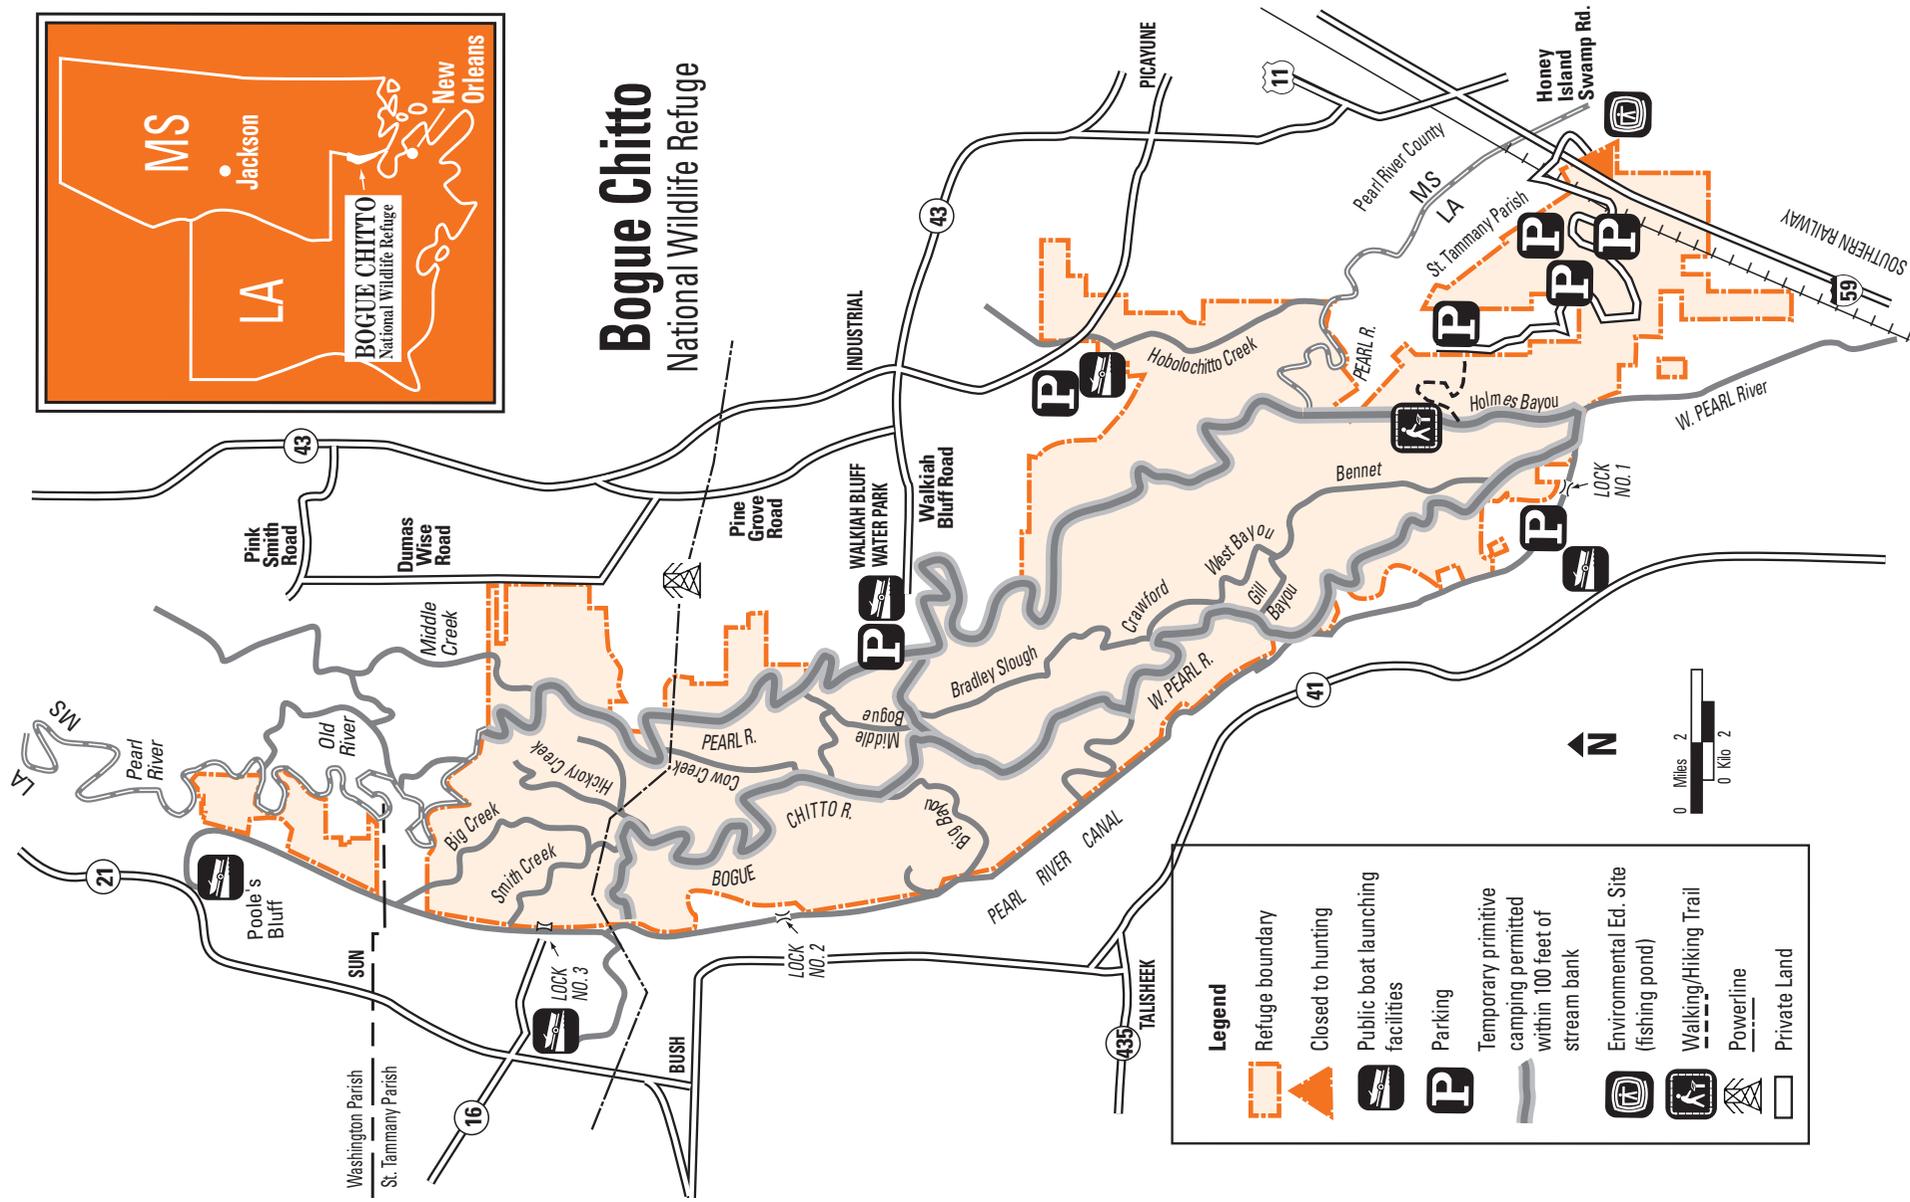

When signed and carried, this serves as your permit for all Refuge hunts, angling and camping and acknowledges your understanding of the regulations contained herein.

Expires June 30, 2017.

Signature (permits are not transferable)

Prohibited Activities:

- The possession of toxic shot while hunting is prohibited, except during the deer gun hunts.
- Hunting from a permanent tree stand or from a tree in which a metal object (such as nails, spikes, screws) has been driven.
- The use or possession of alcoholic beverages while hunting.
- Possession or distribution of bait while in the field and hunting with the aid of bait, including any grain, salt, minerals, or any non-naturally-occurring food attractant.
- The use of horses and all-terrain vehicles.
- All commercial hunting and fishing activities including guiding or participating in a paid guided hunt.
- Target shooting.
- Incidental take of hogs during the squirrel, rabbit, and turkey seasons.
- Houseboats within Refuge boundaries except for navigational purposes.
- Trail cameras.
- The use of deer or turkey gobbler decoys.
- It is unlawful to hunt from or shoot within 150 feet from the centerline of a public road, Refuge road, designated or maintained trail, building, residence, designated public facility, or above ground oil, gas, or electric facilities.
- The use of any type of material used as flagging or trail markers, except reflective tacks.
- Field dressing game (hogs included) within 300 feet of any road, trail or parking lot.
- Cutting, removing, or damaging live trees.
- Searching for or removing any object of archeological or historical significance including arrowheads, pottery or other artifacts.

Type Hunt	Season: Mississippi (MS) and Louisiana (LA)	Special Regulations
