JUNIOR RANGER AT HOME

Easy Steps to Draw a Duck

Get creative today and learn from these easy steps on how to draw a duck. Enter your artwork into the Louisiana Junior Duck Stamp Contest – entries due March 31.

You Will Need:

- Paper, 9 x 12 size
- A pencil to start
- Crayons, colored pencils, paint or other colors
- Reference pictures of ducks, geese or swans

- 1 Use basic shapes. An oval for the body, circle for the head, triangles for the tail and wing feathers, another triangle for the beak, a rectangle for the neck.
- 2 Connect the shapes by outlining your duck. Add more details to the head, wings or tail.
- 3 Once you have the duck decide if you want your duck swimming in water or land. Hint: Place the duck in water to avoid drawing their feet.
- 4 Add color. This will make your duck look even more realistic. Start with basic colors and then add in shading/contrast colors to give more depth.
- 5 Mail your entry to SELA Refuges, Attn. Ranger Becky, 61389 Hwy. 434, Lacombe, LA 70445. Hurry your entry needs to arrive no later than March 31!
