

Become a Southeast Louisiana National Wildlife Refuges

# JUNIOR RANGER AT HOME Let's Look for Decomposers!

Nature is all around us and did you know that there is a group of organisms that live just to eat dead things? A decomposer is a group of organisms that eat dead plants and animals. Grab your favorite adult and let's head outside to find some decomposers!

## You Will Need:

1. An adult
2. Piece of paper to take notes
3. Pencil
4. Magnifying glass (optional)

**Draw what you find in the boxes.**

Decomposer Type: .....

Location: .....

Remember to share your fun with us on Facebook @SoutheastLouisiana
